Washington Roundup

(International News Service)
State draft directors are winding up a three-day conference with national selective service officials in Washington today and preparing to return home to institute a new policy for registrants 26 years of age and over. New regulations, outlining revised standards that will be used in gauging deferments for men 26 to 30, will be announced tomorrow. It is considered unlikely that men over 30 will be called this year.

Meanwhile, Rep. Woodrum (D-Va.), chairman of the house postwar military policy committee, expresses concern over misunderstanding of the proposed merger of the armed forces. Congress, Woodrum declares, contemplated no "fundamental" changes in the separate army-navy establishments during the war.

The armed forces contemplate some changes for the Japs, however. Disclosure that the navy's three top-ranking admirals—King, Halsey and Nimitz—met last week-end on the Pacific coast foreshadows almost certain new heavy blows against the Japs in the near future.

Reports from London that the Soviet government has placed orders for two and a half billion dollars worth of American goods for post-war delivery are characterized by government officials as "speculative yarns."

On Capitol Hill southern senators are confident of defeating the anti-poll tax bill but express alarm over a movement to write in an anti-poll tax plank in the national party platform.

Chairman of the house and senate committees probing the Montgomery Ward seizure say the government's release of the company will have no effect on their inquiries.

Key Nazi Rail Lines Are Being Blasted Again

Belgium And France Nazi-Held Points Are Targets Of Day's Bombings

AIR ATTACKS IN 24TH STRAIGHT DAY

By JOHN E. LEE
(U. S. Staff Correspondent)

LONDON, May 10.—American medium and attack bombers, maintaining the Allied invasion-eve bombing of key Nazi communication lines and military installations in northwestern Europe, bombed three German-operated railway yards in Belgium and France today.

As the 24th straight day of the Allied air offensive got under way, U. S. Marauders and A-20 Havoc bombers carried out a morning assault against the railway yards at Mons and Tournai in Belgium and at Creil in France.

A German airfield at Poix also was raided by the twin-engine warplanes.

Both Tournai and Mons are vital railway links southwest of Brussels, and virtually on the Franco-Belgian frontier. Creil is situated some 20 miles due north of Paris.

The French airfield at Poix lies approximately 32 miles inland from the English channel coast, nearly midway between Dieppe and Abbeville.

This morning's assaults came on the heels of a battering R. A. F. (Continued On Page Two)

Fifty Billions Needed For Army Until June 1945

BULLETIN
(International News Service)

WASHINGTON, May 10.—President Roosevelt told congress today that it will cost 49 billion 283 million dollars to support the army "on the offensive in a global war" through the fiscal year of 1945 which begins July 1.

This was revealed in a message to congress asking an appropriation of 15 billion 676 million dollars. This figure will be added to an unexpended balance of 33 billion 607 millions unexpended from 1944 appropriations.

Mr. Roosevelt said this sum will maintain and operate an army of 7,700,000 men and women including invading troops until June 30, 1945.

Min. Roosevelt said this sum will maintain and operate an army of 7,700,000 men and women including invading troops until June 30, 1945.

The bill, which would virtually nationalize all Erie's rail and highway transportation, was defeated by a 64-63 vote last night in the Daily (parliament).

In effect, the parliament is dissolved and its members together with the prime minister stand for re-election.

Invasion Of Europe Began Four Years Ago

By MAJOR PAUL C. RABORG
(Written Especially For U. S. S.)

NEW YORK, May 10.—

This day is a most fitting time to write on the subject of the invasion of Europe. Just four years ago, Hitler and his Nazi legions commenced their bestial attack on the low countries and France. That assault led to the rapid downfall of western and southeastern Europe.

On May 10th, 1940, the armed forces of Germany, including Marshal Hermann Goering's once famed air squadrons, were the most perfectly trained, equipped and deadly military organizations in the world. Hitler and his German general staff.

Legality Of Ward Seizure Is Unsettled

Federal Judge Refuses To Rule After Plant Is Returned To Owners

By SAUL PETT
(U. S. Staff Correspondent)

CHICAGO, May 10.—The widely disputed question of the government's legal authority for the seizure of Montgomery Ward & Co. remained unanswered today as Federal Judge William H. Holly refused to rule on the question following return of the mail order firm to company hands.

"There is nothing for me to decide," said Federal Judge William H. Holly in view of the government's withdrawal from the plants after the CIO union invoked decisively won a collective bargaining election among Ward employees.

The jurist had before him the government's petition for a permanent injunction restraining company executives from interfering with operation of the plants by the department of commerce.

Sewell L. Avery, 69-year-old board chairman of Ward's, who was bodily ejected from his office two weeks ago by soldiers, declared the "election doesn't mean a thing." He said the company would still fight a maintenance of membership clause for a new or continued contract with the union.

In federal court, company counsel filed a motion asking that the suit be dismissed with prejudice. Judge Holly said he would rule on this question on Friday.

Soviet Army Now Bound For Berlin

Fail Of Sevastopol Leaves Only Berlin As Red Army Objective Now

MOSCOW, May 10.—(INS)—A promise that the Soviet victory at Sevastopol will be repeated in Berlin was given today by Ilva Ehrenburg, noted Russian military and political analyst, in the army newspaper Red Star.

"Over the ashes of lost and found Sevastopol we swear: We will be in Berlin," Ehrenburg wrote.

"The Fritzies should not regard any short interlude as the end of the show. The Red army is now fighting according to its own plans and its own calendar."

"Perhaps the Germans hope we will slow down when we come to this or that mountain or this or that river. No we will come to the Germans. Then we will pay for all—for the battles of Sevastopol, for three years of Russian grief."

Arabian Pipeline Project Opposed

WASHINGTON, May 10.—(INS)—Rep. Gavin (R) Pa. bitterly criticized the proposed Arabian pipeline project on the House floor Tuesday as a "venture into imperialism" and estimated that American taxpayers will be tapped a half billion dollars for it.

"The proposed pipeline across Saudi Arabia to some point on the Mediterranean Sea will not provide any oil for the conduct of this war, but it will provide oil for another war, or a series of them," Gavin declared.

He said the wars would be caused by "our pushing into a place where we are on ground that is new and dealing with people we do not understand."

British Forces Occupy Palena

Push Northward On Heels Of Withdrawing Germans On Adriatic Front

ARTILLERY ACTION IN OTHER AREAS

(International News Service)

NAPLES, May 10.—British eighth army forces on the central-Adriatic sector of the Italian battlefield pushed northward today on the heels of retreating German troops. The allies occupied the town of Palena, 25 miles west of the Adriatic coast, and also near by Gambesale.

Southward along the center of the trans-peninsular battle line allied artillery engaged German forces moving in the Alfedena area.

Some Casualties

Northwest of Cassino enemy mortar fire caused some casualties in allied ranks. A Nazi party was active southwest of San Elia. South of Cassino the Germans were heard felling trees and digging in along the west bank of the Rapido.

Both the upper and lower Garigliano river sectors were quiet, although there was enemy counter-battery fire near the coast.

Allied artillery on the beachhead below Rome was active and duels were fought with German mortars.

One allied raiding party supported by tanks struck at a Nazi-held house and inflicted casualties. The party then out-fought a force of six German tanks, scoring four hits and leaving one enemy tank in flames.

Occupied Palena

The eighth army forces which occupied Palena secured about 50 square miles of territory formerly held by the enemy and took a number of mountain strongholds. The push spearheaded by Indian Guekas of the eighth army, advanced the allied lines 10 miles along a five-mile front.

The Germans retired under a withering hail of allied gunfire.

Dispatches from the front said the German withdrawal is being made amid indications that the fall on the Italian front is about to end in a blaze of large-scale action on all sectors.

British Bombers Make Attack On Ports In Northwest Italy In Night

BULLETIN
(International News Service)

NAPLES, May 10.—Wellington bombers of the Mediterranean Air Force last night bombed harbor installations in the German-held ports of Livorno and Genoa in northwest Italy, headquarters of Lieut. Gen. Ira C. Eaker announced today.

A huge fire which was visible for miles burned in the Genoa dock area after the attack which marked a resumption of British night bombers assaults on west coast supply points following five nights of operations over Balkan targets in support of the Russian offensive.

Other craft of the bomber command mined German-controlled waters.

The vast operations were carried out with a loss to the R.A.F. of only seven planes.

Forecast Heavy Blows At Japan

America's Three Top-Ranking Admirals Meet To Plan For Moves

INVASION ROUTES BEING DISCUSSED

By JOSEPH A. BORS
(U. S. Staff Correspondent)

WASHINGTON, May 10.—Disclosure that America's three top-ranking admirals met last week-end on the Pacific coast today foreshadowed almost certain new heavy blows against the Japanese in the near future.

The Navy revealed that a meeting took place in San Francisco between Admirals Ernest J. King, commander-in-chief of the United States fleet, Chester W. Nimitz, the Pacific fleet chief, and William F. Halsey, head of the Navy in the South Pacific.

Naturally no details of conference decisions were disclosed but there was little doubt that the plans made were "bad news" for the Japanese.

Schouten Islands Bombed By Allies

Attack Is Made To Prevent Jap Attempt To Reinforce Pacific Areas

By FRANK ROBERTSON
(U. S. Staff Correspondent)

GEN. DOUGLAS MACARTHUR'S HEADQUARTERS, New Guinea, May 10.—An allied aerial campaign to disrupt Jap efforts to reinforce air strength west of American-held Hollandia in Dutch New Guinea was intensified today with announcement of a twin strike by heavy bombers of the Mokmer airdrome in the Schouten Islands.

The double blow was part of continued widespread attacks against Jap positions and military installations from the Solomons westward to the Netherlands East Indies.

The Mokmer assaults were carried out by four-engine American Liberators. Large fires and numerous explosions were set off in the enemy airdrome which lies 300 miles west of Hollandia.

Reconnaissance had shown that the Japs had flown naval planes into the Schouten Islands in an effort to strike back at the allied troops pressing a ground campaign throughout northern New Guinea. Despite this fact, no Jap interceptors rose to challenge the Liberators.

Over Jofman Island, however, allied air patrols engaged 11 Japanese interceptors. They shot down one and probably got several others. The engagement cost the allies one craft.

Nazis Fearful Of Heavy Blow In The Balkans

(International News Service)

LONDON, May 10.—Increased German fears of an impending heavy allied blow in the Balkans were reported today.

Nazi propagandists at the same time worked overtime issuing statements concerning the forthcoming invasion.

Following on the heels of reported large German troop movements southeastward from Austria, a Benin dispatch to the London Daily Telegraph said that Balkan quarters state the Nazi high command expects a series of landings will be made along the Albanian and Dalmatian coasts and Bulgarian-held sectors along the Aegean coast which are open to invasion.

Turks May Join

From this, said the Telegraph, it would appear that the Nazis had lost confidence in Turkey's neutrality and would not be surprised if the Turks joined with invading allied armies.

(NBC quoted a Berlin report in which it was claimed that the Nazis had "discovered" that plans have been completed by the allies for a British-American-Russian occupation of Norway.)

While the Germans talked of formidable anti-invasion preparations, the naval expert of the Daily Mail said that a "rocket U-boat" with a limited range but with a surface speed approaching that of a torpedo boat was believed among Germany's so-called secret weapons for meeting the invasion.

Allied Fighters Take Heavy Toll Of Burma Japs

BULLETIN
(International News Service)

KANDY, Ceylon, May 10.—Allied jungle fighters seeking to isolate Japanese forces in the Burmese hills and valleys before opening of the monsoon season, took a fearful toll today of the enemy both in north and central Burma.

Adm. Lord Louis Mountbatten's headquarters revealed that "heavy" attacks were inflicted on Jap troops south of Mogoke and in the neighborhood of Mayu. The latter town is athwart the severed Myittha-Mandalay railway, northwest of the Irrawaddy river port and rail terminus of Katha.

Repulse Jap Attacks

In northern Burma, Kachin levies repulsed Japanese attacks down the Fort Hertz valley, inflicting "considerable casualties" on the enemy.

British imperial forces advancing north of the Indian base of Imphal made "some headway" despite the particularly difficult terrain.

"Two enemy" attacks on the Padel road were driven back," added the communiqué.

Having smashed Nipponese counter-attacks in the Kohima sector and killed upwards of 750 enemy troops within but a few days, the allies pressed a drive to chop off the Japanese spearheads.

Romanian Coast May Be Attacked By Soviet Forces

Capture Of Sevastopol By Russians Opens New Threat To Romania

HUGE BLACK SEA PORT FALLS TO REDS

By NATALIA RENE
(U. S. Staff Correspondent)

MOSCOW, May 10.—Russian forces were poised today for a possible early assault upon Romania's last coast, having captured the historic naval base of Sevastopol with cyclonic speed and cleared the entire Crimea of the German invaders.

The huge port, described by Premier Marshal Joseph Stalin as "the most important military sea base on the Black Sea," fell late yesterday after a three-day assault by Soviet legions. Capitulation of Sevastopol in so short a time was in marked contrast to the stand of Russian forces who in 1942 stood fast against a sustained German siege for 250 days.

Opens Wide Possibilities

Its fall opens wide possibilities for harassing German communications all along the western Black Sea coast and even for seaborne operations against Romania in direct support of the Red army's land drive from Odessa and the last sector.

The Soviet navy's official publication "Red Fleet" said success of the Crimean campaign "has produced (Continued On Page Two)

'Reverse Blitz' On Anniversary

Nazi Invasion Of France And Low Countries Began Four Years Ago

By CHARLES A. SMITH
(U. S. Staff Correspondent)

LONDON, May 10.—(INS)—The invasion coast of France and other military objectives in Hitler-dominated Europe underwent a terrific pounding today in a "reverse blitz" on the fourth anniversary of the Nazi invasion of France and the Low Lands.

The mighty drubbing of the continent, carried out on the 24th consecutive day, continued amid evidence of increased enemy anxiety over the forthcoming invasion.

Axis radios were extremely jittery. "It is not impossible," said an announcer of the Vichy station, "that we are now on the eve of a new great offensive which will completely change the situation in Europe."

The Vichy commentator spoke while fresh waves of Allied fighters and bombers swept over Occupied France to follow up a terrific plastering of coastal installations in western France which observers on the English side of the channel described as the most severe of the war.

A series of three fierce aerial strikes were made against the invasion coast opposite Deal and Dover late last night and early today. The shock of bursting heavyweights caused buildings on the English side to tremble and excited coastal residents hardened by almost five years of cannonading and bombing.

The records they make are small ones now, but I'm looking some years away, when these juniors will be the track heroes then, and records will fall away. There's a like who runs like a rabbit, but he needs some training and form. There's a jumper who does ten feet or more, but wait till that youngster gets warm. Vaulting and hurdling and discus, all I ask you to do is wait and these kids will show you some records my friend, the weather is seventy-eight.

Reports Of Soviet Postwar Orders Called Speculative

WASHINGTON, May 10.—(INS)—Reports that the Soviet government has placed orders in the United States for two and a half billion dollars worth of goods for postwar delivery were characterized by government officials today as "speculative yarns."

The news reports came from London, where a Soviet trade commission is now conducting negotiations with British business interests for large postwar deliveries. The report, attributed merely to "diplomatic circles," stated that these British orders were "similar to orders totalling two and a half billion dollars which already have been placed in the United States."

Officials of the state and commerce departments, as well as the United States Chamber of Commerce, declared they knew nothing of such orders.

Russia's pre-war exports to the United States amounted to about 400 million dollars a year. Thus, purchases of two and a half billion dollars worth of goods from the United States alone would be astronomical.

FORECAST HEAVY BLOWS AT JAPAN

by congress for his "masterful conduct" of the Pacific campaign "from defensive to offensive warfare."

Only recently it was disclosed that a conference was held between Nimitz and Gen. Douglas MacArthur, supreme commander of Allied forces in the Southwest Pacific. Fleet units under Halsey and directly under Nimitz have been playing an increasingly important role in amphibious assaults and raids against Japanese positions.

The recent conferences between the top ranking leaders who have been directing the war against Japan indicated strongly that important new moves might be expected soon in that vast war zone.

Among the invasion routes open now for possible moves in the not too distant future are:

1. A drive from the Aleutians across the North Pacific to the strategic Kuriles guarding the backdoor to the enemy mainland.
2. A move through the Central Pacific similar to the Marshall Islands invasion to bring American forces within striking distance to the Philippines.
3. A combined move from the New Guinea area through the East Indies and possibly into the Southern Philippines.

KEY NAZI RAIL LINES ARE BEING BLASTED AGAIN

(Continued From Page One)

night bombardment of the French invasion coast and other widespread attacks against Berlin and a Paris suburb.

The London Evening Star estimated that nearly 2,240 tons of high explosives were dropped on German-held targets within occupied France during the night assaults.

The Royal Air Force operated in strength against the continent last night. Forward-breaking explosions heard on the southern coast of England indicated that much of the activity was concentrated against northern France. Other RAF night bombers seemed to go farther inland to hit numerous other targets.

Hit During Night

An official air ministry communiqué confirmed that planes of the bomber command again had struck at German-occupied territory during the night. Although specific targets were not named immediately, residents of British coastal areas which felt the concussion of the bomb bursts needed no official substantiation of the fact that western France was among the RAF objectives.

The German-operated Paris radio reported that the northwestern suburbs of Paris were raided during the night, indicating that British airmen had loosed further blows on rail installations in the area of the occupied French capital.

Transmitters in the Reich reported also that "raiding raiders" were in the vicinity of Brandenburg, near Berlin, in the early morning hours after midnight. Other Allied night raiders were reported in operation over Schleswig-Holstein, northwest and west Germany, probably to lay additional mines in German-controlled waters.

Tuesday Raids Heaviest

For 15 minutes shortly before midnight Folkestone, Dover and other English southeast coast towns were shaken by explosions emanating from the French coast, apparently from the Calais and Dunkerque areas.

Shattering explosions, coming at the rate of five each second, attained the intensity of rapid gunfire. It was apparent that the RAF had showered Nazi military installations with block-buster bombs.

The night strikes came in the wake of what were described as the heaviest daylight blows of the previous aerial onslaught against German communications and airfields in France, Belgium and Luxembourg.

The force of Allied planes which took part in the operations was estimated at some 4,000 craft, the majority American.

ROMANIAN COAST MAY BE ATTACKED BY SOVIET FORCES

a drastic change in the Black Sea placing Constanta under direct threat.

Constanta, one of Romania's most important ports, is a scant 210 miles from Sevastopol, while other parts of the Romanian shoreline are even closer to the Crimean base.

Announced By Stalin

Fall of Sevastopol was announced triumphantly by Stalin in an order-of-the-day. The premier said the 72-hour-long stirring operations of the Red army smashed through "fortified German defenses constructed over a long period of time, which comprised three lines of reinforced concrete and iron works."

Massed air and artillery forces supported the Soviet storm troops. The supplementary Moscow communiqué added that the Crimean group of Germans is routed and the Crimea is fully liberated.

Many of the enemy troops were known to have attempted an Axis Dunkerque evacuation of the Crimean port, but with no marked success. Even while the Red army completed its operations against the city, Russian naval vessels and warplanes blasted other would-be Nazi escape convoys.

Transports Sunk

Two troop-laden German transports were caught in the open sea and sunk by Russian bombers. Other planes struck a "number" of blows against massed enemy flotillas grouped in nearby bays.

More than 30 huge fires were left blazing in the port area, where transports, mooring quays and war supplies were set aflame. Explosions of "great power" likewise were reported by the Soviet attack among the docks and storehouses.

Adding to the devastation wrought among the German vessels were Soviet artillerymen who rolled approximately 60 big guns into position to blast "by direct blows" enemy ships in the bays of Sevastopol.

No substantial sections of the long eastern front, although the supplementary communiqué did reveal the repulse of local attacks by Nazi troops near Stanislawow in old Poland and west of last in Romania.

NAZI HELD PORTS IN ITALY BOMBED

man-held ports of Livorno and Genoa. Harbor installations in ports in northwest Italy were left in flames.

The night action followed daylight strikes by medium and light bombers against communications north of Rome.

Thunderbolt fighter-bombers scored hits on bridges in central Italy and also dropped bombs on the docks at Civitavecchia, supply port for Rome.

Invader dive-bombers attacked roads in the Terni area, shooting up eight enemy vehicles and damaging 11 others. They also scored hits on a station, warehouses and rolling stock at the Civita Vastellana rail yards where 12 railway cars were burned and 30 others damaged.

Control Of Farm Prices Is Urged

WASHINGTON, May 10.—(INS)—Sen. John W. Bankhead (D-Ala.) proposed to the senate banking committee today a price control amendment to raise the post-war "floor" on farm prices.

The new proposal, which would increase the "floor" from 90 to 95 per cent of parity on majority crops, may be demanded by the congressional "farm bloc" in return for abandonment of a fight to ban consumer subsidies.

Reports Of Soviet Postwar Orders Called Speculative

WASHINGTON, May 10.—(INS)—Reports that the Soviet government has placed orders in the United States for two and a half billion dollars worth of goods for postwar delivery were characterized by government officials today as "speculative yarns."

The news reports came from London, where a Soviet trade commission is now conducting negotiations with British business interests for large postwar deliveries. The report, attributed merely to "diplomatic circles," stated that these British orders were "similar to orders totalling two and a half billion dollars which already have been placed in the United States."

Officials of the state and commerce departments, as well as the United States Chamber of Commerce, declared they knew nothing of such orders.

Russia's pre-war exports to the entire world amounted to about \$400 million dollars a year. Thus, purchases of two and a half billion dollars worth of goods from the United States alone would be astronomical.

No Change For Gas Rationing

NEW HAVEN, Conn., May 10.—(INS)—Frequent rumors of a broad general increase in gasoline rations stood refuted today by OPA Administrator Chester Bowles.

Rations will remain unchanged "for at least a month" until the fuel situation can be fully appraised for the current quarter, Bowles declared in a radio speech before local ration board members.

by congress for his "masterful conduct" of the Pacific campaign "from defensive to offensive warfare."

Only recently it was disclosed that a conference was held between Nimitz and Gen. Douglas MacArthur, supreme commander of Allied forces in the Southwest Pacific. Fleet units under Halsey and directly under Nimitz have been playing an increasingly important role in amphibious assaults and raids against Japanese positions.

The recent conferences between the top ranking leaders who have been directing the war against Japan indicated strongly that important new moves might be expected soon in that vast war zone.

Among the invasion routes open now for possible moves in the not too distant future are:

1. A drive from the Aleutians across the North Pacific to the strategic Kuriles guarding the backdoor to the enemy mainland.
2. A move through the Central Pacific similar to the Marshall Islands invasion to bring American forces within striking distance to the Philippines.
3. A combined move from the New Guinea area through the East Indies and possibly into the Southern Philippines.

KEY NAZI RAIL LINES ARE BEING BLASTED AGAIN

(Continued From Page One)

night bombardment of the French invasion coast and other widespread attacks against Berlin and a Paris suburb.

The London Evening Star estimated that nearly 2,240 tons of high explosives were dropped on German-held targets within occupied France during the night assaults.

The Royal Air Force operated in strength against the continent last night. Record-breaking explosions heard on the southeast coast of England indicated that much of the activity was concentrated against northern France. Other RAF night bombers seemed to go farther inland to hit numerous other targets.

Hit During Night

An official air ministry communiqué confirmed that planes of the bomber command again had struck at German-occupied territory during the night. Although specific targets were not named immediately, residents of British coastal areas which felt the concussion of the bomb bursts needed no official substantiation of the fact that western France was among the RAF objectives.

The German-operated Paris radio reported that the northwestern suburbs of Paris were raided during the night, indicating that British airmen had loosed further blows on rail installations in the area of the occupied French capital.

Transmitters in the Reich reported also that "nuisance raiders" were in the vicinity of Essen, near Berlin, in the early morning hours after midnight. Other Allied night raiders were reported in operation over Schleswig-Holstein, northwest and west Germany, probably to lay additional mines in German-controlled waters.

Tuesday Raids Heaviest

For 15 minutes shortly before midnight Folkestone, Dover and other English southeast coast towns were shaken by explosions emanating from the French coast, apparently from the Calais and Dunquerque areas.

Shattering explosions, coming at the rate of five each second, attained the intensity of rapid gunfire. It was apparent that the RAF had showered Nazi military installations with block-buster bombs.

The night strikes came in the wake of what were described as the heaviest daylight blows of the pre-invasion aerial onslaught against Nazi communications and airfields in France, Belgium and Luxembourg.

The force of Allied planes which took part in the operations was estimated at some 4,000 craft, the majority American.

INVASION OF EUROPE BEGAN 4 YEARS AGO

(Continued From Page One)

eral staff knew that both the armies and the inhabitants of Europe were totally unprepared for the devastating assaults which the Nazi launched.

Started Four Years Ago

The attack they set in motion four years ago today, commenced simultaneously with blows at Holland, which survived but four days; Luxembourg, that was in a state of captivity by night; Belgium, which lasted for less than two weeks; and poor France who lived only slightly longer, was a direct, brutal terror campaign. Helpless civilians were bombed until they reached a state of insanity. Hitler and his psychologists knew that whole populations in headlong flight would spread the word of the Nazi horror to all of Europe. They did. Today Hitler and his legions are about to be repaid with interest for their atrocities.

We in the United States should realize first that the allied invasion may consist of a considerable number of different blows. Some of them may be reconnaissance in force and others of a purely diversionary character. We should remember further that some of the landings may at first be thrown back. All of the fighting, unless Hitler and his legions collapse, will be desperate and bloody and may be long drawn out.

Democracies Will Win

We must have faith in the leaders of the fighting forces of the United Nations. Your author here-with makes the flat statement that no matter what reverses may occur during the coming months, the democracies will win. Hitler and his Axis ideology will die a violent death.

But remember this—the waters adjacent to the western coast of Europe are undoubtedly today alive with enemy mines. The beaches and the fields back of them are implanted with the same deadly hidden explosives. Barbed wire probably extends on the coast from the northern point of Norway to where the borders of France and Spain join. That same coastline is alive with machine gun and cannon emplacements, many of them hidden underground. Steel and concrete fortifications are of a sturdy placed at all strategic locations. Those front line defenses are probably backed up with line upon line of previously prepared fighting positions.

The allied supreme command and their staffs are noted for thoroughness of operations. They know every slightest danger our men will face. They are prepared to overcome each and every obstacle with the minimum loss of life to allied soldiers. They are one and all bulwarks in tenacity.

Hitler and his cohorts are doomed.

A barrel cactus in Southern California grew in the form of a huge "V" for victory.

ROMANIAN COAST MAY BE ATTACKED BY SOVIET FORCES

(Continued From Page One)

a drastic change in the Black Sea placing Constanta under direct threat.

Constanta, one of Romania's most important ports is a scant 210 miles from Sevastopol, while other parts of the Romanian shoreline are even closer to the Crimean base.

Announced By Stalin

Fall of Sevastopol was announced triumphantly by Stalin in an order-of-the-day. The premier said the 72-hour-long storming operations of the Red army smashed through "fortified German defenses constructed over a long period of time, which comprised three lines of reinforced concrete and iron works."

Massed air and artillery forces supported the Soviet storm troops.

The supplementary Moscow communiqué added that the "Crimean group of Germans is routed and the Crimea is fully liberated."

Many of the enemy troops were known to have attempted an Axis Dunkerque evacuation of the Crimean port, but with no marked success. Even while the Red army completed its operations against the city, Russian naval vessels and warplanes blasted other would-be Nazi escape convoys.

Transports Sunk

Two troop-laden German transports were caught "in the open sea" and sunk by Russian bombers. Other planes struck a "number of blows against massed enemy flotillas grouped in nearby bays."

More than 30 huge fires were left blazing in the port area, where transports, mooring quays and war supplies were set aflame. Explosions "of great power" likewise were noted by the Soviet airmen among the docks and storehouses.

Adding to the destruction wrought among the German vessels were Soviet artillerymen who rolled approximately 60 big guns into position to blast "by direct blows" enemy ships in the bays of Sevastopol.

No substantial changes were reported in other sections of the long eastern front, although the supplementary communiqué did reveal the repulse of local attacks by Nazi troops near Stanislawow in old Poland and west of last in Romania.

NAZI HELD PORTS IN ITALY BOMBED

(Continued From Page One)

man-held ports of Livorno and Genoa. Harbor installations in ports in northwest Italy were left in flames.

The night action followed daylight strikes by medium and light bombers against communications north of Rome.

Thunderbolt fighter-bombers scored hits on bridges in central Italy and also dropped bombs on the docks at Civitavecchia, supply port for Rome.

Invasor dive-bombers attacked roads in the Terno area, shooting up eight enemy vehicles and damaging 11 others. They also scored hits on a station, warehouses and rolling stock at the Civita Vastellana rail yards where 12 railway cars were burned and 30 others damaged.

Control Of Farm Prices Is Urged

WASHINGTON, May 10.—(INS)—Sen. John W. Bankhead (D-Ala.) proposed to the senate banking committee today a price control amendment to raise the post-war "floor" on farm prices.

The new proposal, which would increase the "floor" from 90 to 95 per cent of parity on major crops, may be demanded by the congressional "farm bloc" in return for abandonment of a fight to ban consumer subsidies.

VON BORA SOCIETY GUESTS AT TEA ROOM

At a local tea room on Tuesday evening, members of the Kathryn Von Bora Missionary society of St. John's Lutheran church met for their monthly session. Topic discussed was "Lutheran World Action." Miss Ingeborg Hallgren was leader of the devotional period. Hostesses included Misses Myrna and Mildred Kelley.

Mrs. Ruth Lutz gave an interesting report of the missionary convention held recently at Trinity Lutheran church in New Brighton. Also, she presented an informal talk on "Missionaries of China" that proved most enlightening to the assembly.

A brief social period brought the evening to a close, with a tasty repast being served.

HAROLD BUNEMANN GIVEN RECEPTION

Honoring their son, Harold Bunemann, who left this morning to take up duties with the United States Navy, Mr. and Mrs. J. Bunemann of Richfield avenue entertained informally at a reception in their home Monday night for guests numbering fifty.

Informal pastimes claimed attention and during the evening, a tasty buffet lunch was served by Mrs. Bunemann with Mrs. T. H. Brown, Mrs. George Owens and Mrs. Roy Keely, aiding.

The guest of honor was presented with several personal gifts, and a purse of money. His elder brother, Pfc. John Bunemann, stationed at Camp Blanche, New Orleans, La., has been in the U. S. Armed Forces for sometime.

COLLEGE CLUB SPRING DINNER AT CASTLETON

Annual spring dinner for College club was an event of Tuesday evening in the coral room of The Castleton. Mrs. Alberta Greene Redenbaugh of Pittsburgh was speaker of the evening. She had as her subject "American Handicraft."

Several years ago Mrs. Redenbaugh spent a year and traveled 55,000 miles making a handicraft survey of all 48 states for the Federal government. It was of her finding in this survey that she told.

While she found much individual talent throughout the country, her conclusion was that groups of craftsmen should be gathered together and subsidized to develop and direct handicraft skills.

During business, over which Mrs. James E. Chambers presided, announcement was made that Mrs. Norman Nelson has been named program chairman for the coming year. Two new members were welcomed into the club, Miss Dorothy M. Shiffer and Mrs. Harlow W. Clarke.

Hostesses were Miss Charlotte Taylor, Miss Jane Hawkins, Miss Frances Maxwell, Mrs. Gust Sanfilippo, Mrs. E. V. Martin, Mrs. Charles Jaquish and Mrs. Geneva Walker.

GOLIS BILPÜCH WEDDING CEREMONY

Miss Betty Golis, daughter of Mr. and Mrs. Frank Golis, Park avenue, and Staff Sgt. John T. Bilpüch, Pittsburgh, son of Mr. and Mrs. John T. Bilpüch of Uniontown, were united in marriage at a double ring ceremony in St. Paul-James church of New Castle on May 7, at 3:55 o'clock. Officiating was Rev. V. V. Stancelewski.

Given in marriage by her father, the bride was attired in a white manique gown with train, and her fingertip veil fell from a matching heart-shaped crown. She carried an arm bouquet of white roses, and her only jewelry was a treasured gold cross, a gift from her mother. As maid of honor, she chose her cousin, Miss Flora Golis, who wore an ice blue gown of faille and net, with matching Betty Bilpüch, sister of the bridegroom, served as bridesmaid. She selected a pink gown of marquisette and satin, toe length with tulle to match and carried a cluster of pink roses.

Edward Bilpüch was best man for his brother, and Andrew Gall ushered.

A reception followed at the home of the bride's parents, and later, Sergeant and Mrs. Bilpüch left on a short wedding trip. They will take up residence at 6815 Thomas boulevard, Pittsburgh, where he is stationed as recruiting officer for the U. S. Army. The bride was a clerk in the county commissioner's office, Lawrence County Court House.

Out-of-town guests included Mrs. G. C. Dillon, Mrs. E. V. Norman, Mrs. William Turkle and son, Billy, and Mrs. Helen Vaughn of Youngstown, O., and Mr. and Mrs. Joseph J. Golis of Erie.

ATTENDS WEDDING OF FORMER LOCAL GIRL

Mrs. Fred K. Wallace of Oakwood avenue has returned home from attending the wedding of Miss Mildred Moore, daughter of Mr. and Mrs. Lawrence Moore, Jefferson avenue, Sharon, Pa., former local residents, and Lieut. Charles R. Hotze Jr. of Lincoln, Neb., son of Mr. and Mrs. Charles Hotze, Richmond, Va., which took place on Saturday evening.

Yows were exchanged in the Sharon Presbyterian church with Rev. Wisner officiating in the presence of friends and relatives of the couple.

Lieutenant and Mrs. Hotze left afterwards for Lincoln, Neb., where they will be located for the present.

TWENTY-FIFTH EVENT FOR J. O. Y. MEMBERS

A special significance marked the mothers-daughters banquet held on Tuesday evening by members of the J. O. Y. class in the dining room of the First Baptist church, inasmuch as it was their 25th annual event of this nature. Fifty were in attendance to share the delightfully planned occasion, with Mrs. O. W. Hurst giving the invocation.

The assemblage was served a most delicious full course dinner at a table set in "U" fashion, and beautifully appointed in a theme of lavender and white, centered with a decorative floral arrangement of garden flowers. "Toast to Daughters" was given by Mrs. Charles T. Metzler and the "Toast to Mothers" response was offered by Mrs. Ethel Patterson.

Speaker of the evening, Mrs. Bernard Hook, gave an inspiring talk on "Family Worship." As an expression of appreciation, the class presented her with a bouquet.

"Blest Be the Tie That Binds" was sung in memory of the late Mrs. Herbert, mother of one of their members, Mrs. Paul Fombelle.

A special feature was the presentation of a gift to Mrs. Ben Powell, the oldest mother in attendance, and Mrs. William Evans, the youngest at last evening's function.

CATHEDRAL CHAPTER HAS "MOTHERS' DAY"

Cathedral Chapter No. 440, Order of the Eastern Star, met in the west lodge room of the Cathedral building Tuesday evening, with Mrs. Neil Hewitt, worthy matron, and Frank Goodwin of Sharon, worthy patron, presiding.

At the completion of a brief routine period, a special Mothers' Day program was presented with the following taking part: reading by Margretta Berenget; two vocal solos, Lena Mae McConnell, with Mrs. Olive Fern McConahy accompanist; two selected readings by Edna Hanna; vocal duets and trios sung by Pauline, Barbara and Gladys Grille with their mother, Mrs. Joseph Grille, at the piano; vocal numbers by the Rehearsal children with their mother accompanying; vocal and guitar selections offered by Harry Kegg, with Mrs. McConahy accompanist.

In closing, a delicious repast was served by the committee in charge, Mrs. Lillian White, Mrs. Kate Johns and Mrs. Cliff Thomas. The tables were prettily appointed in the season's motif.

KRAY-WALTERS ENGAGEMENT NEWS

Mr. and Mrs. Charles R. Kray of Youngstown announce the engagement and approaching marriage of their daughter Lois to George Walters, son of Mrs. Mabel Cohen of Chicago, Ill.

CANTEN UNIT ONE GROUP SERVES AT USO

A large number of U. S. Servicemen and Servicewomen enjoyed the hospitality extended at the local U. S. O. Center on the Diamond the past week, with Unit One of the Canteen in charge of the preparing and serving of tasty and nourishing lunches.

This group under the chairmanship of Mrs. Paul Rowland and co-chairman, W. L. Rugh included the following women: Mrs. J. E. Hughes, Mrs. Harold K. Glenn, Mrs. M. M. Ingham, Mrs. Albert Johns, Mrs. N. J. Love, Mrs. William Pfeiffer, Mrs. Roy Campbell, Mrs. Thomas Valley, Mrs. Mary Edgerton, Mrs. Cecil Suber, Mrs. Mont Alley, Mrs. Glenn Anderson, Mrs. H. A. Bratsch, Mrs. G. W. May, Mrs. Elmer Elliott, Mrs. Walter Dietterle, Mrs. Lee Hanna, Mrs. Mont Blau, Mrs. James Meyers, Mrs. E. O'Neill, Miss Blanche Bright, Miss Hanna Walker, Miss Elsie Calvin, Miss Frances Maxwell and Miss Dorothy Edmunds.

Appreciation is extended to those ladies who kindly sent donations of tasty home made cookies, pies, cakes and other baked goods, which delighted "those who 'dropped by'." Sharing honors were Mrs. Fred Shoff, Mrs. Joseph McFate, Mrs. Frank Royard, Mrs. J. H. Buckner, Mrs. Flossie Andrews, Mrs. Orville Brown, Mrs. Vance Glenn, Miss Blanche Bright, Mrs. A. E. Michael, Mrs. R. C. Glenn and Mrs. Goldie Reardon.

Each week, a Canteen unit takes charge, and it is hoped that local residents will continue to send baked goods to the USO each week, for those in uniform look forward to that "touch of home" flavor that accompanies the old fashioned "cookie jar" recipes.

April Weather Slightly Cool

Temperatures For Past Month Were Under Normal, Statistics Show

Statistics kept by Weather Observer B. F. Johnson, reveal that April's weather was slightly out of line. Although here was less snow than usual, and more than the normal amount of rain, the daily temperature was below the average for the month.

The mean maximum temperature was 59.2 degrees, mean minimum, 34.5 degrees; and the mean or average, 46.9 degrees. This was 1.5 degrees below the normal for April. The highest temperature was 76 degrees, on April 30, and the lowest was 17 degrees, on April 5, compared with a high of 79 degrees in April 1943 and a low of 18 degrees. Last year, the temperature in April was 3.9 degrees below normal.

The total precipitation for the month was 3.89 inches, which was 47 inches over the normal. Last year it was 27 inches over normal. The greatest precipitation was 1.28 inches on April 24. There was only 1.7 inches of snowfall, compared with 5.9 inches in April of 1943. Days with 61 inches or more of precipitation were 13, days clear, 6; partly cloudy, 11, and cloudy, 12.

RECEIVES PURPLE HEART
MERCER, May 10.—Mrs. Pauline Boles Lehman yesterday received the Purple Heart medal awarded posthumously to her husband, Woodrow W. Lehman, 29-year-old electrician's mate, first class, who went down with his submarine near the Aleutian Islands on August 2, 1942. He had been in service nine years.

Besides his wife, who is the daughter of Mr. and Mrs. Henry Boles, he leaves a five-year-old daughter.

THE PARENT PROBLEM

(Continued From Page Four)

told me it required just three spankings for the elder and two for the younger. But she added that each had already learned the meaning of No indoors. Scores of mothers have written to tell me it works. Of course, if your child has been running into the street for several weeks, or months, you will have to budget more for his effective training.

For Running Away
If your tot runs away, make clear to him the boundaries beyond which he must not go. Be on hand to make sure he is spanked the moment he crosses the boundary until he learns to keep himself within it. I sincerely believe that if I could persuade young mothers to apply the principles of this article I could help save the lives of several thousand precious little children yearly.

More Tomatoes Will Be Grown In This State

HARRISBURG, May 10.—An increase of 19 per cent in the number of acres to be devoted to the growing of tomatoes for canning this year over last is reported by the Federal-State Crop Reporting Service in the Pennsylvania Department of Agriculture.

Growers have advised the reporting service that they expect to plant a total of 35,700 acres this year to meet requests of nearby canneries for tomatoes, a good share of which will be taken by the government for the armed forces and for lend-lease. This is an increase of 5,700 acres over the 1943 planted acreage, and is more than double the 16,300 acres that represented the average planting to tomatoes for processing over the ten-year period from 1933 to 1942.

The report also reveals that the growing of tomatoes for canning in Pennsylvania farms has advanced to such extent that the acreage now ranks the state sixth among all the states that make a specialty of this crop.

Warns Against Wage Increase

PITTSBURGH, May 10.—E. E. Moore, vice president of the Carnegie-Illinois steel corporation today warned that the granting of the demands of the United Steelworkers for a 17-cents an hour wage boost would be the start of another cycle of wage increases that could well mean disaster for industry.

"Too many people are being led to believe that steel workers are underpaid," Moore said. "I know it will be surprising to many to learn that there has been an increase in weekly wages of steel workers of well over 50 per cent since January 1, 1941."

He emphasized that the steel worker is in an enviable position today, especially since average earnings have increased \$1,000 per employee from 1929 to 1943, according to his figures.

LITTLE BEAVER

MRS. LINNENBRINK'S DEATH
Mrs. Emeline Amsler Linnenbrink, aged 83, died at the home of her daughter, Mrs. Cora Meeks, Friday at midnight. She had been suffering from heart trouble for a number of years. Mrs. Linnenbrink, widow of the late Dr. Linnenbrink, of Ambler, leaves the following survivors: two daughters, Mrs. Cora Meeks, of Little Beaver, and Mrs. Christina Patterson, of Morning Sun, Iowa; two brothers, Henry Amsler and William Amsler, both of Ambler; and one sister, Miss Mary Grace Amsler, of Zellenople; four grandchildren and five great grandchildren. She was a member of the German Lutheran church. Funeral services were conducted Tuesday afternoon at 2 o'clock from the Gray funeral home at Sewickley. Interment took place in Zellenople.

LITTLE BEAVER NOTES
Mrs. Chester Leidl and infant daughter, Ruth Ann, have returned to their home after spending several days with her parents, Mr. and Mrs. Ransom Barris, of North Beaver.

Mrs. George Andrews returned home Monday after a week-end visit with relatives at Allison Park, near Pittsburgh.

Mr. and Mrs. Amsler, of Wallrose, were Friday callers here.

Enon Valley telephone repairmen are busy replacing poles, needed along the telephone lines in the eastern part of the township.

Mrs. Wayne Walker entertained the Ladies Bible class of Rocky Spring U. P. church in her home Friday evening.

R. J. Nesbit visited in Pittsburgh Monday.

Mr. and Mrs. J. C. Young called at the home of Mr. and Mrs. Frank Young, of Castlewood, Monday.

Relatives gathered at the home of R. J. Nesbit Saturday evening for a surprise party in honor of his birthday. Mr. and Mrs. George Thomas and son, Bobbie, of Bellview; Mr. and Mrs. William Hosack and family, of Beaver Falls; and Mr. and Mrs. James G. Nesbit, of East Palestine, O., were out of town guests.

MANY REQUESTS FOR STATE'S LITERATURE
HARRISBURG, May 10.—Requests for Pennsylvania literature are exceptionally high for a wartime year, says the State Department of Commerce.

The requests are for maps, pictorial booklets, lists of fishing accommodations, organized camp booklets and other pieces of Pennsylvania literature telling about the scenic and historical sites and recreational facilities in the state.

A high percentage of the requests come from Pennsylvania soldiers, who, anticipating demobilization, want to spend some days in the state's outdoors.

Beware of dusty shoulders. Cut paper protectors to slip over clothes hangers and into your dresses before hanging them away.

AROUND CITY HALL

Violators of the Pennsylvania Motor Code, residing in the counties of Lawrence, Beaver and Mercer counties, had hearings Tuesday in the city council chambers. The hearings were conducted by representatives of the Department of Revenue, Bureau of Motor Vehicles, and penalties were prescribed for serious offenses.

Mrs. Mary Johns was given a building permit for the construction of a one-story cement block building at 412 East Long avenue, which is to be used for storage purposes.

Director of Parks Joe D. Alexander is getting the various baseball fields on city property ready for the coming season. One of the big bottlenecks has been the inability to find enough chicken wire to be used for backstops. It seems that because of the war, there is little of this material left.

Three months record. Lawrence county had four fatalities last year at this time, and only two to date.

People of Switzerland are becoming more thrifty, and textile manufacturers who previously concentrated on high-priced materials are producing less expensive merchandise.

Fatal Accidents

Low In County

The end of three months of the year 1944 shows a total of 303 persons meeting death in Pennsylvania on highways and streets from motor vehicle traffic accidents. The number is six less than for the corresponding period in 1943.

Fatal accidents in Lawrence county for the three-month period show a minus two from the 1943 first

Siegfried Speaks To Lions Members

Service Club Hears How Telephone Company Is Serving Nation In War Crisis

Members of the New Castle Lions club heard Charles E. Siegfried, local manager of the Bell Telephone company, tell what the telephone industry is doing in the war effort, and why it is so hard to furnish additional service to prospective customers at this time.

Mr. Siegfried's address was illustrated with slides, showing some of the recent developments in the telephone business, along with the automatic range finder for anti-aircraft artillery developed by Bell Laboratories, in conjunction with scientists from other great industrial organizations of the country.

Loyal J. Foster of the Boyles Coal and Supply company was admitted as a new member. Pearson Furst, a member of the club, now in service, who is home on leave after completing his boot training at the Great Lakes Naval Training Station, was present and was greeted by the club.

The regular meeting scheduled for Memorial Day has been cancelled because of the holiday. It was announced that the annual state convention will take place at Scranton June 4, 5 and 6.

Members of the club were invited to be the guests of Lion Jack Gerson at the annual party he tendered at his summer home on Wednesday evening, May 17.

Lion C. C. Blair of Greensburg was a guest at the luncheon.

Tuesday night the Lions bowlers met the Ellwood City Lions in a bowling match at the Neshannock alleys, which resulted in a victory for the local club. The total pin score for the three games was 2607 to 2212.

Sharon Pays Honor To Commando Kelly

Helps To Make Sharon Mother Glad With News Son May Be Home Soon

SHARON, Pa., May 10.—(INS)—Pittsburgh's Congressional Medal of Honor winner, Charles E. "Commando" Kelly today, had helped to make glad the heart of the mother of a Sharon soldier.

As he arrived at Sharon high school, the Steel City's No. 1 hero was greeted by Mrs. Margaret Hyde, a teacher in the East Ward grade school, whose son, Corp. Edward Hyde, was with Kelly in Italy.

"Of course I know your son," the "Commando" told Mrs. Hyde. "And I think you will find him coming home soon, for he has seen nearly a year of real action and deserves a rest."

Capt. K. O. Wright Killed In Crash

BEAVER FALLS, Pa., May 10.—Capt. Kenneth O. Wright, 34, husband of the former Mildred Patterson Wright, of this city, was killed off the coast near Palm Beach when his plane crashed. Besides his wife, he leaves a son, 11, and a nine months old daughter.

"STOPPED TAKING DAILY LAXATIVES"

"After 15 years' dosing now eat KELLOGG'S ALL-BRAN"

Constipated? Given up hope of finding lasting, gentle relief? Then read this unsolicited letter:

"I am a rural letter carrier. For more than 15 years I used a laxative every night. About a year and a half ago a good friend suggested that I try KELLOGG'S ALL-BRAN. I did so—with the result that I have not taken a pill since. I eat ALL-BRAN generously every day. I find it a great help." John H. Martin, Westminster, Maryland.

How can such helpful results come about? Scientists say one common cause of constipation is lack of sufficient "cellulose" elements in the diet—and KELLOGG'S ALL-BRAN is one of Nature's most effective sources of these important elements. They help the friendly flora to fluff up and prepare the colonic contents for easy, natural elimination. KELLOGG'S ALL-BRAN is not a purgative, but a natural, gentle-acting, "regulating" FOOD.

If your constipation is this kind, eat KELLOGG'S ALL-BRAN regularly, as a cereal or in several muffins. Drink plenty of water. See if you don't get help, too. Insist on the genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

Stewart And Lausche Win In Ohio Vote

Apparent Nominees For Governor Of Two Parties In Tuesday Primaries

COLUMBUS, O., May 10.—(INS)—James Garfield Stewart, Republican mayor of Cincinnati, and Frank J. Lausche, Democratic mayor of Cleveland, won gubernatorial nominations in yesterday's Ohio primaries, returns from one-third of the state indicated today.

In extremely tight voting, Gov. John W. Bricker, with without opposition for Ohio's 50 picked delegates to the GOP national convention, Joseph T. Ferguson, pledged to a fourth term for President Roosevelt, also had no opposition on the Democratic side.

The race for the seat vacated by Governor Bricker to seek the GOP presidential nomination was the only state-wide battle to elicit more than passing interest.

With 3,239 of the state's 9,180 polling places reporting, Stewart had 34,891 votes to Attorney General Thomas J. Herbert's 40,663 and Lieut. Gov. Paul M. Herbert's 39,316. Albert Edward Payne brought up the field with 4,943.

On the Democratic side, Lausche had 37,603 votes to 18,953 for his nearest opponent, Martin J. Sweeney, a former Cleveland congressman, James W. Hoffman of Columbus, was third in the six-man field with 11,974. Frazier Reams, Toledo attorney had 11,144. Frank A. Dix of Columbus, 3,550, and Walter Baertschi of Toledo, 3,411.

William G. Pickrel of Dayton was far out in front of two opponents in the Democratic race for the U. S. senate and will oppose Sen. Robert A. Taft in the November election. Taft was unopposed for GOP re-nomination.

VICTORY GARDEN NOTES

By LEWIS C. DAYTON, County Agent

TWELVE GOOD GARDEN RULES

Twelve rules for good gardening are suggested to those participating in the "Grow More in '44" program. The rules are:

1. Plan your garden early and use the plan at planting time.

2. Select good seed of dependable varieties and either treat the seed or purchase treated seed whenever possible.

3. Rotate the different vegetables within the garden each year. If possible plant the garden in a new location each year.

4. Garden soil should be well-drained.

5. Pulverize the seedbed well by thorough raking.

6. Plant the garden where vegetables will receive at least six hours of sunshine during the day—not close to trees and shrubs.

7. Thin seedlings to proper spacing while they are small.

8. Destroy weeds by frequent shallow cultivation.

9. Make several small plantings of quick-maturing vegetables rather than large single plantings.

10. Give heavy applications of water, if available, once or twice a week during the hot, dry periods.

11. Provide plant food through fertilizer.

12. Control garden pests.

The following garden circulars may be secured from the Agricultural Extension Office, 206 Post Office building, New Castle: "The Home Vegetable Garden", "Prevent Disease Losses in the Home Garden" and "Control of Vegetable Insects".

Hannegan Says Roosevelt Will Be Candidate

PHILADELPHIA, May 10.—(INS)—Democratic National Chairman Robert E. Hannegan today had reiterated his recent New York announcement that "our standard bearer will be Franklin D. Roosevelt" in the coming presidential campaign.

Hannegan addressed 1400 Philadelphia Democrats attending the \$25-a-plate Jefferson Day dinner in the Quaker City.

He repeated his statement, he said, because it is good news not only to loyal Democrats but also to the people of America from here to San Francisco.

Hannegan reminded the diners of Republican opposition to the Roosevelt program which prepared the nation for war and of opposition of New York's Governor Thomas E. Dewey, possible GOP candidate to the recognition of Russia.

In a pre-dinner interview, the Democratic chairman asserted that the size of the Roosevelt victory will depend on the soldier vote to a large measure.

"Most servicemen are for the president," he declared.

Plan Canvas To Get Addresses For Soldier Ballots

HARRISBURG, May 10.—(INS)—The state civilian defense council was putting the finishing touches today to plans for a statewide canvass of homes to secure proper military addresses for members of the armed services eligible to receive absentee ballots.

The council, through local units, will be "ready to swing into action as soon as" Gov. Edward Martin proclaims "military ballot day" in the state. He said the date had not yet been decided.

"The defense council can do this by reason of a fine organization," he said, "but I believe the people would do it anyway."

Civilian defense unit leaders will confer at the State Capitol tomorrow with Dr. Ralph C. Hutchison, executive director.

Governor Martin Sees G.O.P. Victory In Pennsylvania

HARRISBURG, May 10.—(INS)—A sweeping majority throughout Pennsylvania for the Republican presidential candidate was forecast today by Gov. Edward Martin in a pre-campaign glimpse of the November 7 election.

"The Republicans will carry 45 counties in addition to Philadelphia," the governor predicted, "but I don't know about Allegheny county, although we may have a substantial majority, because the Republicans haven't been in such good shape there for years."

Governor Martin refused to commit himself or the 70-member GOP delegation to the national convention at Chicago to a candidate prior to a meeting of the state committee at Philadelphia May 20.

Dr. C. C. Green To Make Address

GROVE CITY, May 10.—Dr. C. C. Green, retired superintendent of the New Castle schools and a graduate of Grove City college, will deliver the high school commencement address here May 25. Also on the program will be Robert Montgomery, oration, and George Harry, class president.

Including nine boys now in the armed services, 156 seniors will be graduated.

G. O. P. Women Have Meeting

State Leaders Present At Sessions Last Night At Court House

Leaders of Republican women in Pennsylvania were heard Tuesday night, May 9, when a meeting of the Lawrence County Council of Republican Women was held in the court house with the president, Miss Martha K. Bieley in charge.

Republican women from various parts of the county were present. Among the visiting leaders present were Mrs. George Hemphill of Beaver Falls, Mrs. Margaret Lamadi of Williamsport, Mrs. Edna Carroll of Philadelphia, Mrs. Charles Stauffer of Lancaster, Mrs. Hannan Durham of Allentown and Mrs. John Y. Huber, state president of the Council of Republican Women. President Martha K. Bieley opened the meeting and assisting her in the program were Mrs. K. Ward Reimold as secretary pro-tem, and Mrs. Charles F. Morrow of Wampum, treasurer. The arrangements committee consisted of Mrs. Roy A. Long, vice chairman of the Republican County committee, Miss Elizabeth Harvard, Mrs. Howard Frain, Mrs. Bess Pitzer and Mrs. Mary Conti.

Prayer and Flag Salute
Opening the meeting a prayer was offered, followed by the salute to the flag and one verse of America. Mrs. Hemphill was then introduced and spoke of the work of the Republican women throughout the state.

Mrs. Margaret Lamadi, vice chairman of the Republican state committee, appealed to Lawrence County women for co-operation in the coming fall election. Mrs. Edna Carroll, chairman of the post-war planning committee, spoke on objectives of the council. Mrs. Charles Stauffer, treasurer of the state council spoke on finances, spoke on the necessity of women concerning themselves with the problems of democracy while the younger men and women are in service. Mrs. John Y. Huber spoke on the work ahead for the Republican women and urged that every Republican woman make the campaign a personal issue with herself.

Harvey B. Bush, Republican candidate for the Pennsylvania State Senate, was present and spoke briefly, thanking the women for their assistance in the primary and asking for a continuance of that interest in November. F. S. Brennenman read a message from County Chairman Roger W. Rowland who could not be present.

CHILD INJURED BY AUTOMOBILE

Frank Calieri, of 219 Pearson street, reported to police that he was driving down Pearson street, at 6 o'clock Tuesday evening, when little Charles McCue, aged 7 years, who was riding a tricycle, ran against the side of his car. Examination revealed he suffered minor contusions.

News Briefs From City Hall

According to a chart posted in city controller William A. Moore's office, showing the relation of city indebtedness to city receipts, the city of New Castle is in a healthier condition than it has been in many years. The chart, which was started by former controller Sid Lockley, shows that as of the end of 1943, the total bonded indebtedness of the city amounts to \$478,000. Last year \$80,000 was paid on the city's indebtedness, and \$20,076.50 in interest. The city's indebtedness is the lowest it has been since 1922. Receipts were the highest last year that they had been since 1932, showing a healthy condition. If the same amount is applied to the city's indebtedness as last year, the city will only owe \$388,000 at the end of this year.

Members of city council were at the new Deshon hospital annex yesterday, looking over equipment which was used by the old NYA Center with a view towards purchasing anything that the city can use in conducting its business. Recently a truck was purchased by the city through this source, and there may be other material which can be used, and which can be purchased at a lower price than it bought in the open market.

Mrs. John Balint, of 734 Brooklyn avenue, reported to the police department that someone had stolen a 9 by 12 rug, which they had just cleaned and left rolled up on the front porch of their home. The theft occurred sometime Tuesday night.

Permission was given H. W. McElroy, of 1607 Huron avenue, to make alterations to a garage on his property, the cost of which will amount to \$20.

REVEALS AID GIVEN SOVIET

Churchill Tells Commons Of Supplies Sent To Aid Of Stalin's Forces

LONDON, May 10.—(INS)—Prime Minister Winston Churchill disclosed today that Britain had supplied Russia with \$320,000,000 worth of raw materials, almost 7,000 warplanes and more than 5,000 tanks in a period of two and one-half years. The prime minister's announcement was made in the house of commons in a detailed statement on the aid given by the empire to the Soviet Union.

Of the 5,031 tanks dispatched 1,223 came from Canada, while out of the 6,776 planes sent, 2,672 came from the United States.

In supplying the Russians with war materials, he revealed, the United States was the heaviest loser in merchant ships. "In exchange," said the prime minister, "Russia has given whatever it possibly could, but owing to the congestion in Russian ports there had not been many opportunities."

The period covered in Churchill's announcement was from October 1, 1941, to March 31 of this year.

The admiralty announced simultaneously that in the past six months ships of the United States delivered nearly 1,250,000 tons of war equipment and material to Russia by the Arctic route.

Bishop R. Hayes Confirms Group Of 406 Tuesday

Sacrament Of Confirmation Administered To 406 In Local District On Tuesday

The Most Rev. Bishop Ralph Hayes, D. D., Rector of the American College in Rome, administered the Sacrament of Confirmation, on Tuesday to approximately 406 children and adults, of this city, at St. John the Baptist Maronite church; St. Vitus church, and St. Monica's church, Wampum.

Services at St. John the Baptist church were held at 11 a. m., with 45 received the sacrament. Rev. Fr. Francis C. Streiff delivered the sermon, and officers for benediction of the Blessed Sacrament were celebrant, Rev. Fr. Elias Basile of Pittsburgh; deacon, Fr. Peter Ade Youngstown; and sub-deacon, Fr. N. Hakey, of Uniontown, Pa.

Approximately 20 children and adults received the Sacrament of Confirmation at St. Vitus church services starting at 2 p. m. Rev. Fr. V. Galliano of the B. V. M. church, Ellwood City, gave the sermon in Italian; and Rev. Fr. Joseph Pernatuzzi, assistant pastor, gave the English sermon. Rev. Fr. Francis M. McCarter, of St. Mary's church, was celebrant during benediction of the Blessed Sacrament; Rev. Fr. V. V. Stancielewski, SS. Philip and James' was deacon; and Rev. Fr. Francis C. Streiff, of St. Joseph's was sub-deacon. Rev. Fr. Albert M. Innes of St. Vitus church and Rev. Fr. Dante DeLillo, St. Vitus were master of ceremonies.

At St. Monica's church, Wampum, the Sacrament was administered to 91 children, services starting at 7:30 p. m. Rev. Fr. John M. Unger of St. Joseph's church delivered the sermon.

Chaplains to the bishop were: Fr. C. L. Sanderbeck, Swissvale; and Fr. Vincent S. Burke, Homestead; benediction of the Blessed Sacrament followed, with Rev. Fr. Francis M. McCarter, celebrant; Rev. Fr. Frederick Mannsman, of Beaver Falls, deacon; and Rev. Fr. Edmund F. Rowan, of the Church of the Nativity, of Pittsburgh, and formerly of Wampum, as sub-deacon. Fr. Francis Streiff was master of ceremonies, and assistant was Fr. John O'Rourke.

Others assisting in the sanctuary were: Rev. Fr. William M. Pisarcik, St. Michael's; Rev. Fr. Dudley Nee Beaver; Rev. Fr. Vincent O'Donnell, chaplain of the New Castle Hospital; Rev. Fr. Louis D'Avach, Ambbridge; Rev. Fr. Joseph Pernatuzzi, Ellwood City; Fr. Frank Mullen, New Brighton; Fr. P. Paul, St. Agatha's, Ellwood City; Rev. Fr. James O'Connell, Ambbridge; and Rev. Fr. V. V. Stancielewski.

War Production Still In Front

Civilian Production Will Be Authorized When Not Hurting War Effort

WASHINGTON, May 10.—(INS)—The war production board embarked on a new policy today aimed at "filling in the chinks" in America's production mechanism so as to provide maximum war production and the fullest allowable output of essential civilian goods.

Embedded in an administrative order signed by WPB chief Donald Nelson and executive vice-chairman Charles E. Wilson, the new policy substantially re-states established WPB practice that resumption or increases in civilian production will be authorized only when they will not interfere with military programs.

Nelson told newsmen he did not believe the new policy would result in any great increase in civilian production at the moment while military programs remain at such a high level. However, he pointed out that the over-all military production program will drop about one billion dollars in the fourth quarter of 1944.

The new policy stipulates that as a general rule resumption and increases in civilian manufacturing should be placed in areas designated by the war manpower commission as a group three and group four surplus labor areas.

It is made flexible enough, however, to permit portions of such civilian programs to be placed in group two labor areas if the action would not interfere with military production and is approved by WPB vice-chairman L. R. Boulware. In addition, resumption or expansions of production may be authorized for group one labor areas after clearance and approval by the area reduction emergency committee or Wilson.

Charleston Mayor Is Running Ahead

West Virginia Governor's Seat Is Sought By Mayor And Industrialist

CHARLESTON, W. Va., May 10.—(INS)—Mayor D. Boone Dawson of Charleston today held a narrow lead over R. J. Funkhouser in West Virginia's bitter Republican gubernatorial primary with two-thirds of the votes still to be counted.

Democratic voters, meanwhile, by a margin of better than two-to-one, were unmistakably rebuffing the comeback candidacy of former U. S. Senator Rush D. Holt, who trailed behind Circuit Judge Clarence W. Meadows of Beckley for the other nomination to the governorship.

Mayor Dawson had 27,849 votes to

26,768 for Funkhouser, wealthy Charleston industrialist, with 878 districts reporting. Dawson supporters pointed out that most of the vote in Kanawha county in which Charleston is located, has still not been counted and that the mayor expects overwhelming aid from this source.

J. Blackburn Watts and Grover Goldfield McPeck in the Democratic race, and William McKinley Garrison in the Republican, were all far behind.

Representative Jennings Randolph, seeking Democratic re-nomination to his seventh term in Congress, held a six-to-one lead over

his only primary opponent, W. C. L. Campion, of Charleston, in the second congressional district. Gov. Matthew M. Neely was unopposed for the Democratic nomination in the first district, which includes Wheeling and Morgantown.

FALL PROVES FATAL

HARRISBURG, May 10.—(INS)—Charles M. Wysock of Lemoyne was fatally injured today when he fell from a scaffold near the top of a building in Harrisburg.

Clothing for U. S. soldiers overseas is now packed in bales instead of boxes.

Nazi Defenses Are Overstrained

NEW YORK, May 10.—(INS)—A hint that German anti-aircraft defenses are being overstrained by the constant, widespread Allied sky attacks was seen by a BBC commentator in a sudden slackening of ground fire over important objectives.

For the second time in two days, returning crewmen were quoted as reporting that anti-aircraft fire was light in the area surrounding strategic targets back of the coastline in France and Belgium. On the other hand, coastal points offered strong ack-ack defense.

McKEESPORT BOY DROWNS

McKEESPORT, Pa., May 10.—(INS)—A fall into a six-foot pool of water today had proved fatal to seven-year-old Albert McMillan. The boy, who had been playing with some companions in the depression left by the demolition of a McKeesport theater, was pulled from the water 20 minutes after he fell in. Rescue workers tried to resuscitate him for four hours.

New Rose Beds Added To Park Near Hospital

Four Beds Of Roses Put In Community Rose Garden By County Garden Club

Four new beds containing nine dozen yellow, pink and red rose bushes, have been planted within the past week in the Community Rose Garden located in a park opposite Jameson Memorial hospital. The garden is a project of the Lawrence County Garden club to honor men and women in service from the county.

Varieties that have been planted are hybrid perpetual varieties, each bed containing one variety. Last spring eight beds were put in, the center one of white roses from which radiate beds of pink kinds. Of the four put in this spring, two are of red roses, one of yellow, Souvenir de Claudius Perret and a fourth of Betty Upchurch pink.

It is anticipated that during June the garden will be full of bloom and will attract a number of visitors to view its show.

Gifts Make Possible
Planting of the bed was made possible through the contributions of clubs and individuals, some of whom gave a single bush, some half a dozen plants, and some enough for an entire bed.

Any person or organization who would like to contribute may do so by contacting Mrs. Otto Pearson, chairman of the Lawrence County Garden club committee in charge. The modest cost of giving one bush in honor of a man or woman in service includes planting, and pruning and spraying care.

If an organization wants to plant a bed of roses, beds to be planted next will take about 37 dozen bushes for a planting committee members say. One of the latest groups to contribute is a new organization of mothers whose daughters are in service.

It is said that the famous English poet and playwright, Ben Jonson, was promised by Charles I that he would be buried anywhere in Westminster Abbey that he chose. He selected a spot that was already partly occupied and was too small for a horizontal position. The king, to keep his promise, is said to have permitted Jonson's burial in a sitting posture.

LEESBURG

The Searchlight Bible class held its social hour at the church Tuesday evening, May 9. A tureen dinner was served at 6:30 by the hostesses Mrs. Harry Simpson and Mrs. Harold Royle.

The Girl Scouts will entertain their mothers at a mothers-daughters banquet at the church on Wednesday evening, May 10.

Mrs. Harold Royle entertained a group of children at her home Saturday afternoon in honor of her daughter, Beverly, who celebrated her seventh birthday. The afternoon was spent in playing games. A delicious lunch was served by the hosts.

Sgt. Leonard Armstrong, of Camp Edmon N. C., spent several days furlough with his parents, Mr. and Mrs. Walter Armstrong.

Mr. and Mrs. Don Royle and daughter, of Grove City, spent Friday with Mr. and Mrs. Orville Rudolph.

Virginia Hayne spent an evening with Betty Stone at Grove City.

Mr. and Mrs. Cecil Burke of Slippery Rock, spent several days with Mr. and Mrs. Andy Brophy.

Funeral services for Mrs. Ida Byrnes, of Los Angeles, California, were held at the Cunningham funeral home Sunday afternoon at 3:00 p. m.

Dog Owners Are Given Warning

Owners Will Be Vigorously Prosecuted After May 15, McLure Warns

Warning was issued to dog owners of Lawrence county today by Howard E. McLure, dog law investigator for Lawrence county, that after May 15, all dog owners who have not secured licenses for their canine pets will be vigorously prosecuted. The fine in this case will be the maximum, he stated.

It is revealed that there are only 5,300 licenses canines in Lawrence county, while the number should be around 7,800.

The warning is also given that not only must the dogs have licenses, but they must wear them on their collars when running at large. Otherwise they will be shot on sight by constables and enforcement agents.

Religious Book Week List Given

Public Library Joins Observance Of Religious Book Week; Jewish Books Listed

In order to promote reading of religious books the public library is joining in the nationwide observance of Religious Book Week. This is under the auspices of the National Conference of Christians and Jews and is being observed as a fitting memorial of the burning of the books by the Nazis in Berlin on May 10, 1933.

A committee consisting of clergymen, educators and librarians has selected two hundred books in four classifications, a Jewish book list, a Catholic book list, a Protestant book list, and a Good Will book list. Each list contains both adult and juvenile books, many of which are in the public library.

The following books from the Jewish book list are in the library: Theodor Herzl, Alexander Bein Haym Salomon, Howard Fast, Legends of the Jews, Louis Ginsberg.

Life and Letters of Henrietta Szold, Marvin Lowenthal.

Judaism in the First Centuries of the Christian Era, G. F. Moore.

Jewish Festivals, Hayyim Schauss.

Memoirs of My People, L. W. Swartz.

The other lists will be published later.

134 Autos Drive Into Trains At Crossings

HARRISBURG, May 10.—An analysis of grade crossing accidents reported to the Public Utility Commission in 1943 involving automobiles indicates that the customary procedure was reversed in 134 instances when automobiles were driven into the side of engines or trains moving over the crossings instead of engines or trains into automobiles. In two cases automobiles were driven through lowered gates and into the side of engines or trains.

There were 282 other accidents in which automobiles were struck by trains. In three accidents automobiles were driven through lowered gates and struck by engines or trains, while in 96 accidents automobiles stalled on crossings and were struck by trains.

Accidents reported at crossings in which there was no contact with trains shows 352 automobiles driven through gates and 18 driven into flashing light signals.

Cpl. Jack Montgomery Converts Enemy Equipment To Use Of Fifth Army

WITH THE FIFTH ARMY, Italy.—Adapting captured equipment to fit his needs is Corporal Jack E. Montgomery, New Castle, Pennsylvania, telephone repairman in a Fifth Army signal company in Italy.

The 20-year-old corporal found there was need for communication between his repair truck and the signal repair and supply headquarters, but there was no GI equipment available. Montgomery searched his salvage box and came up with a captured Italian field telephone. In a few hours he had converted the phone into a three-position switch, linking the repair truck to headquarters and to the nearby wire supply room. He also fixed the rig to be used in existing telephone repairs.

Another piece of captured equipment he employs in the truck is an old German battery, used to power a small radio that provides music while Montgomery works. Corporal Montgomery is the son of Mr. and Mrs. V. E. Montgomery, 854 Vogan avenue, New Castle. His father is a veteran of World War One, and a member of the Perry S. Gaston Post, American Legion.

Frisco Soldier Killed In Action

Private Woodrow W. Hardy, aged 25, husband of Mrs. Alice Corbin Hardy of Frisco, Lawrence county, and former resident of Butler, was killed at the Anzio beachhead, Italy, on April 2, according to word received by Mrs. Hardy from the war department.

The Lawrence county soldier was the son of John A. Hardy of Ellwood City and entered the service on August 17, 1943, and served at Camp Croft, S. C. He went to North Africa in January of 1944 and later took part in the fighting at the beachhead.

The White House was the first public building erected in Washington, its corner stone having been laid on Oct. 13, 1792.

Amazing Way for "RUN-DOWN" people to get NEW VITALITY..PEP!

1—Promote the flow of vital digestive juices in the stomach
2—Energize your body with RICH, RED BLOOD!

THESE two important steps may help you to overcome the discomforts or embarrassment of sour stomach, jerky nerves, loss of appetite, underweight, digestive complaints, weakness, poor complexion!

A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 50 to 60%, normal is severely handicapped.

So with ample stomach digestive juices, PLUS RICH, RED BLOOD you should enjoy that sense of well-being which denotes physical fitness... mental alertness!

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or local infection, SSS Tonic may be just what you need as it is especially designed to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient.

Build Sturdy Health and Help America Win

Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 10 and 20 oz. sizes. U.S.S. Co.

Plan To Enlarge Honor Roll For Croton District

First Honor Roll Erected In City
Has Been Found Too
Small

At a meeting attended by a large
number of residents of the Croton
district in the Croton School Tues-
day evening, plans for enlarging the
honor roll erected on the Croton
School grounds, the first honor roll
to be placed in a community dis-
trict in the city, were discussed.

When the honor roll was erected,
it was thought that the needs of
the future had been anticipated
but it is now found that the honor
roll is much too small.

Officers elected at the meeting
last night were, president, Tom
Malizia; secretary, Harry Wright;
and treasurer, Robert Sheehy.

Another meeting of the commit-
tee will take place on Tuesday eve-
ning, May 16, at 8 o'clock in the
Croton school.

**Herbert May
Pass Stewart
In Ohio Voting**

COLUMBUS, O., May 10.—(INS)—
Attorney General Thomas J. Her-
bert, on the basis of late returns
from his home county of Cuyahoga,
today threatened to pass Mayor
James Garfield Stewart in the race
for the Republican gubernatorial
nomination.

With only 983 polling places in
the state still unreported, Herbert
was only 11,350 votes behind. Of
the missing polling places, 654 were
in Cuyahoga county where the at-
torney general was piling up a three
to one plurality over the Cincinnati
mayor.

The vote with less than a thou-
sand polling places unreported
stood: Stewart 146,402; Herbert 135,-
053.

In Cuyahoga county, where 810 of
1,464 polling places had reported,
Herbert had 18,289 votes to Stew-
art's 6,051.

**Patton Promotion
Strongly Opposed**

WASHINGTON, May 10.—(INS)—
Sen. Chan Gurney (R-S.D.), pre-
dicted today that the senate mili-
tary affairs committee will recom-
mend rejection of President Roose-
velt's nomination of Lieut. Gen.
George S. Patton for promotion in
the regular army.

Gen. Patton, Gurney said, "talked
himself out of promotion" when he
made a speech in England declaring
that Great Britain, the United
States and Russia, will rule the
world.

The Patton nomination, together
with nominations of 13 other gen-
erals for promotion in the regular
army, has been pending in the mili-
tary affairs committee for months.

Northern Japanese Islands Bombed

Heaviest Air Raid In North Pacific
Hits At Two Important
Jap Islands

By GEORGE McWILLIAMS
(U.S. Staff Correspondent)

AN ADVANCED ALEUTIANS
BASE, May 10.—(INS)—The heav-
iest navy air raid in the North
Pacific to date has been carried
out against Paramushiru and
Shimushu Islands.

The stepped-up pounding by
naval fliers was announced Tues-
day by Commodore Leslie Gehres,
commanding officer of Fleet Air
Wing Four.

Heavier strikes against the Jap
islands were started May 5 by a
strong force of Venturians which
bombed installations at the north-
central and south ends of 58-mile
long Paramushiru. Principal targets
were the Suribachi Bay air strip
and the huge runway and staging
area at Kashiwabara along Para-
mushiru strait at the northern end
of the island.

No Opposition
Light anti-aircraft fire was en-
countered but there was no aerial
opposition. One of our planes re-
turned slightly damaged by flak.

The targets were overcast, and
the results of the pounding were
not observed. The raid was con-
sidered significant in view of the
fact that night assaults heretofore
have been in the nature of recon-
naissance missions.

This was labelled the first real
strike by navy planes against the
Kuriles guarding the approaches to
Japan. The raids were also viewed
as a fore-runner of the stepped-
up attacks such as the Japs from
Tokyo northward may expect from
Aleutian-based bombers in the
future.

Recover Safe Near Pulaski

Stolen Safe, Taken In Youngstown,
Is Recovered Before Being
Opened

State police, called to a farm near
Pulaski, recovered a safe containing
about \$4,500 in currency that had
been stolen from the Hathaway
Bakery, Inc., 1900 Hubbard Road,
Youngstown, early on Sunday morn-
ing.

Two masked bandits and their
accomplice had loaded the 500-
pound safe on a bakery truck and
fled to Pennsylvania but evidently
despaired of getting the safe open
and therefore left the safe and
money on the truck in a lane.

Night watchman at the Hath-
away plant and two bakers were
surprised by the holdup men and
were tied up. As the safe out of
the company office, a third man
acted as a lookout.

The bandits may have had the
intention of returning for the safe
and truck later, but in the mean-
time, the farmer on whose land the
truck was parked happened on it
and promptly notified the local
State Police headquarters.

Tugwell Is Not Liked On Island

WASHINGTON, May 10.—(INS)—
Bolívar Pagan, resident commis-
sioner of Puerto Rico, declared to-
day that Gov. Rex Tugwell is "im-
posed" on Puerto Rico and termed
him "the only blot" in the rela-
tions of the United States with the
island.

Pagan's charges against the
Puerto Rico governor were in
answer to an article by Joseph W.
Jones published in a current issue
of Fortune magazine which Pagan
declared "praises Tugwell and tries
to hit Congress below the belt."

Declaring that Puerto Rico has
progressed "enormously under the
American flag," Pagan asserted that

Lawrence County Farm And Home News

By Extension Representatives, LEWIS C. DAYTON, Agriculture;
MISS JOSEPHINE SIMPSON, Home EconomicsSHORTAGE OF EGG CASES
HANDICAPS SHIPMENTS

Faced with a serious shortage of egg cases, poultrymen are urged to handle their cases carefully as well as seek replacements in other carriers.

Shortages of both materials and labor has placed the egg cases on a premium list. Several means of preserving present equipment may be used.

Keep the cases dry, both in transit and in storage, and in egg rooms, the cases should be stored in racks to keep them off damp floors. Careful handling will save many cases, while cramping or sliding them across floors will ruin many. Care should be exercised in stacking with cross-stacking suggested as distributing weight evenly.

Never force or wedge cases into place when loading or stacking, as this frequently cracks the eggs in addition to damaging cases. Many poultrymen have converted citrus fruit boxes into egg cases by nailing small strips of wood on each end, and the center piece of the fruit box. Such cases have been made convenient carriers for 30 dozens of eggs.

LOCAL LEADERS VALUABLE
TO 4-H CLUB PROGRAM

Local leaders are the keynote to successful 4-H club work in their communities.

Although these men and women have additional home and community responsibilities, they are helping to guide boys and girls in their daily living and make them better citizens. At the same time these leaders are contributing their share toward meeting the problems of their communities and country. Among the responsibilities which local leaders carry are:—(1) guide

young people in the selection of projects and service that will best fit the need of their homes and communities. (2) Assist officers in learning the correct parliamentary procedure in conducting their business meetings. (3) Plan outside activities with the club members which will develop leadership and larger opportunities of recreation. (4) Interpret to parents and the community the value of 4-H club work in training boys and girls to accept better practices in farming and homemaking. They also encourage club members to develop their skills and techniques in these newer methods.

A number of individuals in Lawrence county are assisting with this program, and other clubs are being organized at this time.

MILKING MACHINE MUST BE
CLEANED METHODICALLY

Definite routine and organization of the job must be followed to keep milking machines clean and sanitary. Use of proper equipment and good dairy washing compounds are essential.

Steps to follow in the cleaning routine are: rinse machine thoroughly and immediately after use, with lukewarm water; dismantle machine and wash all parts thoroughly with proper brushes, in hot alkaline solution; then rinse with hot water and store dry. Always chlorinate before use.

Lewis Withdraws
His Application

PHILADELPHIA, May 10—(INS)—United Mine Workers' President John L. Lewis withdrew his union's application for re-entry into the American Federation of Labor because he couldn't have his own way, William Green, president of the AFL, maintained today.

"Some men have a habit in life of forcing their opinions on others and become tremendously disappointed when they fail to have their own way," Green asserted.

"I attribute John's pronouncement as an expression of keen disappointment because I have failed to have 'my' own way."

Montgomery Visits
British Sailors

Commander Of British Ground
Forces Looks Over Big Royal
Naval Fleet

By LEO S. DISHER
(Representing The Combined
U. S. Press)

ABOARD FLAGSHIP OF BRITISH HOME FLEET—Delayed—(INS)—Gen. Sir Bernard L. Montgomery, commander of British ground forces for the western invasion, recently made an official visit to the home fleet and told thousands of sailors something of the immediate task of the allied armies.

He also expressed his appreciation for the navy's vital role in the African and Sicilian victories, as he personally inspected several vessels at this base.

Views Ceremonial

Montgomery, who arrived at the base in an American plane manned by his own American crew, was greeted by Adm. Sir Bruce Frazer, commander in chief of the home fleet. He witnessed the ceremonial of "Sunset" and stood at salute while buglers sounded retreat.

Later, the general reviewed a march of the entire ship's company and took the salute from every man as he passed by.

Besides inspecting a famous aircraft carrier, Montgomery also went aboard a destroyer as he travelled through the base amid uproarious cheers from every sailor and when stationed there.

OCD NOTES

SECURITY OF WAR INFORMATION

Attention of all people enrolled in protective and war service is called by OCD Coordinator Frank T. Sargent to the need of cautioning their friends and neighbors, and the general public, about discussing whereabouts of men and women in the armed forces or anything about the war effort in their area, which might give information, aid or comfort to the enemy.

With the invasion near, there should be an increase of this particular activity at the present time, Sargent warns.

Huge Ward Plant
Returned To Owners

Government Restores Firm To
Owners Following Vote Of
Employees

CHICAGO, May 10.—(INS)—The battle between Montgomery Ward & Co. and the government's labor agencies began afresh today, with the firm's management back in control of its Chicago properties and the CIO union voted again as bargaining agent.

The huge mail order plant was returned to its owners in a surprise government move last night simultaneously with the close of the collective bargaining election in which company employees voted by a large margin for the union.

Avery's Statement
But today Sewell L. Avery, Ward Company board chairman, joined issue again with the government as he declared:

"The election doesn't mean a thing. Our position remains the same—we are against the closed shop and we will not sign a contract with the CIO Union if it demands a maintenance or membership or closed shop clause.

"Nor will we extend the old contract because it contains such a clause and also because we accepted it in the first place only at the direction of the president and under duress.

"We signed the first contract with the union to be generous in time of war. But we won't sign a second time. The old contract was not a contract—it was a compact signed under duress."

More Strife Seen
An earlier hint that more strife was in the offing was contained in Avery's denial that President Roosevelt was correct in his stated assumption that holding of the bargaining election would "end the case."

Another was the action of the United Mail Order Warehouse and Retail Employees Union, Local 20, in voting the War Labor Board immediately after its victory and demanding that the board order Ward's to extend the company-union contract which expired last December 8, pending negotiation of a new contract.

The union scored an easy victory in the election.

The larger unit, that of the mail order, retail and warehouse departments, voted 2,340 for the union and 1,565 against. Ten votes were voided and 273 challenged.

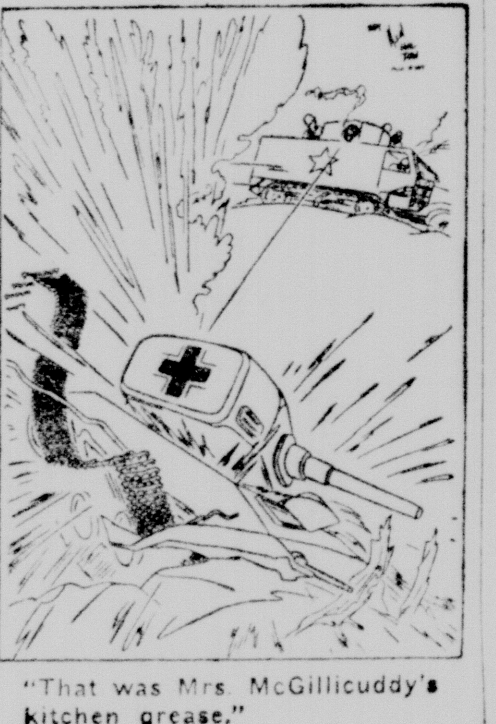

In the other unit, the administrative employees, 100 votes were cast for the union and 28 against. Ten votes were challenged.

National Labor Relations Board officials, under whose supervision the election was conducted, said the challenged votes would not be counted since the union had received a substantial majority.

Warns Against
Drug Optimism
CHICAGO, May 10.—(INS)—The National Tuberculosis Association at its 40th annual meeting, warned today against over-optimism in regard to diasones, the drug hailed recently as a "cure for tuberculosis." The committee on therapy of the American Trudeau society, an organization of 2,000 tuberculosis specialists which serves as the medical section of the association, reported that diasones must be considered as purely a project in clinical investigation and should not be used in routine treatment of the disease. It's a good thing their backs are to the wall. Some of those pictures hanging on the wall are a sight when you take them down. Derby Take Is Tops In Sport

Derby Is Biggest And Fastest Touch In Sports, Grimm On Spot Again

OBSERVATIONS OF SPORTS SCRIBE

By DAVIS J. WALSH
(International News Service Sports Writer)

CHICAGO, May 10.—Portrait of a man in a top hat, making money on his lap, nobody seemed to attach any importance to the event, then or thereafter. You'd think in fact, the amount being mentioned was something that came out of the petty cash, like maybe the desk calendar account or the wages of the squeegee man who washes the windows.

Instead, it was said in our somewhat distant hearing during the future that ensued immediately following the derby that the sale of admission tickets to Churchill Downs on Saturday last was better than \$300,000. Few football games exceed that, most prize fight promotions don't. But that isn't particularly the point in connection with declaring the Kentucky Derby to be away off by itself the fastest and biggest "touch" in sports promotions.

It's the only one, in the first place, that doesn't pay most of its principals but instead, makes them pay for the privilege of competing. But, most of all, it's even so big it can make most of us forget \$300,000.

Grimm On Spot
It seems that when Charley Grimm stepped out from under the Cub job the now has it all over again in the middle of the 1938 season, J. T. Gallagher (then a baseball writer) was deeply distressed, moved even to testing Charley. However, if that's the way it was with him, doesn't it furnish still another reason for asking: Why did he ever hire J. Wilson?

And, as long as we're asking questions, not answering them, isn't Grimm in something of a spot, with all those former Milwaukee associates of his in the Chicago lineup? He sold them to the K. W. League on the basis that they were good. Now, he'll not only have to prove it, he can't even claim he was stuck with another man's material.

Golf Moguls Irked
Nobody knows where the story originated, but the word is that the board of directors of the Chicago District Golf Association will refuse to sanction Mr. George S. May's Tam O'Shanter open unless he gives certain assurances about conforming with U. S. G. A. rules on prizes for amateurs. It also is definite that Mr. May has had a great change to do this, but so far the matter has escaped his attention.

Pep Good Fighter
Some years ago, a little Italian fighter named Tony Canzone, came out of the east and had Chicago going into a rare and a rare story, his ability, which was exceptional. It's possible that something of the sort can happen all over again when Willie Pep, the featherweight champion, comes here for Kearns' second show at the Coliseum on the 19th.

Pep is something you seldom see in these loose-limbed, a head and body fighter. He has plenty of class. And plenty of inward.

Seven Teams Are Ready For Golf

Sylvan Heights Players Will Meet Sunday To Complete Plans For Season

Seven teams have been lined up for the coming golf season at Sylvan Heights course, and the team managers will meet next Sunday afternoon, May 14, at five o'clock to discuss the schedule, playing rules and handicaps.

Teams which have signified their intention of entering a team are: Shelby Social of Elwood City; New Castle Moose; Universal Sanitary and Manufacturing; Saegertown; Shenango Pottery; Aluminum Company of America and Standard Steel Spring.

The Sylvan Heights course is now getting in excellent shape for play. Manager Sam Haycock states, and indications point to a good crowd being out over the coming weekend.

St. Johns Wins Opening Battle

In the opening game of the Catholic Reserve baseball league last Monday evening at Mahoning field, the St. Johns team won from the St. Vitis team 4 to 2, with J. Isaacs, the St. Johns hurler, pitching sensationally to fan 17 of the opponents and allow just one hit. The winner's had but three hits.

Score by innings: R. H. E.
St. Johns 400 0-0 4 3 3
St. Vitis 001 10-2 9 2
Batteries—St. Johns, Isaacs and Cavelli; St. Vitis, Janacek, Conli and Perula.

Fannins Prepare For League Season

Practice is being held each evening, starting at six o'clock, by the Fannins of the American Legion Junior league. Manager Frank Fannin stated today.

It is hoped to pick the team which will carry the Fannin colors in the league by the end of the week. Any player 17 years of age or younger wishing a tryout is asked to attend the practices at Lehigh field.

Veteran Pitchers Making Comebacks

Two veteran pitchers tasted the varying fortunes of baseball during the opening days of the Piedmont league's 1944 campaign.

In his forty-third year, Jake Levy, chunky pitcher who was with the New York Giants nearly 20 years ago, hurled the opening for the champion Portsmouth Cubs and turned in a five-hit shutout over Norfolk.

In the same series, Garland Braxton, veteran southpaw who is managing Norfolk this year, was beaten by Lefty Sangil of Portsmouth, a 19-year-old Cuban making his first start in professional ball.

Braxton, former big leaguer who will be 44 on June 1, started last year's Piedmont campaign with eight straight wins and wound up as the league's leading pitcher.

Name Wolf To Coach Greensburg

GREENSBURG, May 10.—Greensburg High School's football destiny, which has dipped into the bitter dregs of defeat in recent years, took on a brighter hue today as Frank N. Wolf, veteran Waynesburg College platoon pilot, assumed control of the grid sport at the Westmoreland County seat.

Wolf, who succeeded Joe "Pearl" Gates, former Duquesne University quarterback, who is now in the armed forces, by the unanimous vote of the Greensburg school board.

B. And O. Bowlers Will Have Banquet

One of the events that the members of the various teams of the B. and O. Bowling League have been looking forward to with great expectancy will take place on Thursday evening, at 6 o'clock, in the Sons of Italy club rooms, South Mill street, when the annual banquet of the league takes place.

The committee in charge of arrangements has made preparations for the usual fine program, and a good time is looked forward to by the players.

Pensive Is Set For Preakness Race Saturday

By LAWTON CARVER
(International News Service Sports Editor)

NEW YORK, May 10.—(INS)—Little Conn McGraw and Pensive will look them in the eye down at Baltimore on Saturday and make a run for the black-eyed susans to complete a beautiful and profitable bouquet. Having plucked the roses in the Kentucky Derby, and the more than \$60,000 that went to the winner out of a \$75,000 added purse, they will shoot this time for the big payday from \$50,000 added in the historic Preakness at Pimlico.

Pensive will be the favorite, or should be on the strength of his spine-tingling dash past Broadcloth and Sir Up in the Derby stretch. However, besides meeting his Louisville rivals, the brisk, free-running son of Pappy Hypocrite, of the British Hypocrites, will be up against Platter in the Preakness.

Watch Platter
Platter is the George D. Widener colt, which has been pointed for the Preakness, meantime passing up the richer derby, and given half a chance he can win the Preakness, a mile and three-sixteenths fixture that stands as the second star in the so-called triple-crown.

It was at Pimlico last fall that Platter attained his real prominence in the Pimlico futurity and the Walden stakes, and he was sharpened up in a recent sprint especially for Saturday's big feature as the three-year-olds fight it out for supremacy.

Another in that Preakness field will be Gramps Image, winner over second place Pensive in the Chesapeake stakes just before the Derby. It begins to look as though they are going up on Calumet farm's successor to Whirlaway.

Corporal Maher Champion Bowler

New Castle service men are distinguishing themselves in all fields of sport. The latest one to come through with honors is Corporal Thomas F. Maher, Jr., son of Mr. and Mrs. Thomas F. Maher of 105 Phillips Place.

Corporal Maher is stationed in the quartermaster corps at Carlisle Barracks and recently teamed with Staff Sergeant John Evansky to take down the doubles bowling championship of the camp. In addition they were members of the championship bowling team.

For his work as a bowler Corporal Maher has been given a certificate signed by the commanding officers of the camp.

Warren-New Castle Meet Called Off

The scheduled New Castle and Warren, O. high dual track meet for Friday afternoon at Taggart stadium has been postponed until Monday, May 22, by mutual consent of both schools. It was announced today by Faculty Manager Ralph Gardner.

The New Castle boys will resume workouts this afternoon after a day of rest given them by Coach Bill Klee for winning against Meadville. The next big track event for the local thundrals will be the W. P. I. A. L. meet Saturday, May 20, at Conneville, Pa.

Sportsmen Enjoy Meeting Tuesday

Final Indoor Meeting Well Attended, Movies Of Educational Nature

One of the best meetings of the indoor season, and incidentally the final indoor session of the summer season, was held last night at the Veterans of Foreign Wars Hall on East Washington street, by the Lawrence County Sportsmen club.

From now until fall, the sportsmen will meet the second Sunday of each month at 4 o'clock at the Sportsman Farm on the Harbor Road. It was announced today by Secretary Hans Don. The purpose of the Sunday meetings during the summer is to keep the members together.

Movies of an educational nature were shown by George Bollinger last night and made a big hit with the members. The movies supplied by the Western Cartridge company showed how the farmers and sportsmen can cooperate to the best advantage of each other.

Association Is In 43rd Season

The American Association, now in its forty-third campaign of its history, is operating with the same eight clubs that were on the roster when it was launched in 1902: Columbus, Indianapolis, Kansas City, Louisville, Milwaukee, Minneapolis, St. Paul and Toledo make up the roll.

There has been only one break in the personnel in the league's long history. Many years ago the Toledo franchise was moved to Cleveland and was returned after two seasons and has stood fast since.

No other circuit in the minors can boast such a record for stability of membership.

Dual Meet Ends In Rout For East Siders; James Gillespie Is Star

FRANKLIN MEETS WASHINGTON NEXT

Young James Gillespie, colored track and field star carried off top honors in the dual meet held at Taggart Stadium yesterday in which Ben Franklin High smothered Mahoning 132 1/3 to 31 2/3 points. Coach Austin Cowardow, uncovered some very fine track prospects for senior high in a few more seasons.

Gillespie in the broad jump in the Class 3 event set a New Castle Junior high record in the broad jump by leaping 19 feet 11 1/2 inches to take the event with apparent ease. In the matter of scoring young Gillespie garnered himself 15 points to be top-man. Bill Stoner with wins in the 100 and 220 yard and anchor in the relay was also one of the bright stars of the meet and secured 11 1/4 points for the Ben Franklinites.

Triangular Meets
Masters was best in the Mahoning lineup with eight points. The Seventh Warders tried hard, but could not match the Cowardow coached team in speed and stamper. Gillespie besides winning the broad jump honors, tied or equalled the 100-yard dash mark for junior high boys in this city, by speeding in with a 1:11 second victory.

Next Wednesday May 17, the Ben Franklin team will have the George Washington team as opponents, on Tuesday, May 23, the big triangular meet between Franklin, Mahoning and Washington will take place at the stadium. It was announced.

Game Calendar Is Made Public

Small Game Season Opens November 1 To 30, Deer Season December 1 To 16

HARRISBURG, May 10.—(INS)—Pennsylvania's hunting calendar was made public today by the state game commission to the more than 600,000 sportsmen.

The small game season will run from November 1 to 30 while the deer season will open November 27 and close November 30. Deer may be hunted between December 1 and 16.

Hunting will not be permitted before 9 a. m. on the first day of the small game season but the daily opening thereafter will be an hour earlier. Season for migratory game will be announced later by the federal government, the commission stated.

Limits Unchanged
No changes were made in seasonal bag limits with the exception of racoons, the commission emphasized. Daily limits were increased from three to four and the seasonal limit from 15 to 20 because of the wide-spread abundance of these animals. The 1944 season opens October 1 and ends February 1 but the full-bearing animals may not be trapped prior to November 1.

Other seasons were: Minks, Skunks and Otters, November 1 to February 1; Muskrats, December 1 to February 1; Beavers, February 15 to March 1, 1945. Coyotes will be unprotected until September 30, 1945, the commission pointed out.

The Turkey season, which extends from November 1 to November 30, will be closed in Clarion, Forest, Jefferson, McKean, Potter, Snyder, Tioga, Warren and Westmoreland counties. Sportsmen will be permitted one Turkey during the season.

PRICES MOVE IN NARROW RANGE

Zip Goes Out Of Trading In Liquor Shares Today And Market Is Slow

NEW YORK, May 10.—(INS)—The zip went out of the liquor shares today and the entire market turned flat.

Prices moved in a narrow range for most of the session with little action to distinguish any group. In the liquors, the Austin Nichols shares gave ground. National Distillers, Schenley and distillers Seagrams were unchanged and appeared infrequently.

Most erratic mover in recent sessions, came to life in the second hour and scored gains running to almost two points on the day.

Such investment favorites as General Motors, Standard of N. Y. U. S. Steel, U. S. Rubber and N. Y. Central were unusually active in the first hours. Prices were fractionally higher.

Kennecott was a trifle lower, with one block of 1400 shares passing on the tape. A block of 1900 N. Y. Central was also a feature, up 1/2 on declaration of a 50-cent dividend.

Other rails to show fractional advances included Atchafalaya, Union Pacific and Chesapeake & Ohio International Telephone rose 1/4 to 14.

John L. Lewis Blames New Deal

Asserts New Deal Politicians Are Responsible For Turndown Of U.M.W. By AFL

WASHINGTON, May 10.—(INS)—John L. Lewis' opposition to a fourth term for President Roosevelt was couched Tuesday in terms as unmistakable as his earlier antagonism toward a third term for Mr. Roosevelt.

In a virgile letter to AFL President William Green, the mine-workers' chiefman withdrew the U.M.W.'s application for admission to the federation, accusing the AFL of being a "political company union" and of "characteristic servility to the Roosevelt administration."

It is, of course, publicly known that certain members of the executive council have been given imperative instruction to refuse admittance of the U. M. W. to the AFL by the new deal politicians who are opposed, for political reasons, to unity in the ranks of labor, the letter stated.

Lewis also believed that had the U. M. W. been readmitted to the federation, he would have joined with William L. Hutchison, president of the carpenters union, and other AFL opponents of Mr. Roosevelt to fight against a fourth term for the president.

Japanese-American Girls Face Charges

DENVER, May 10.—(INS)—Three Japanese-American sisters from the Amache relocation center were held in jail today, awaiting federal court trial on charges of "treason and conspiracy to commit treason."

The three were brought to Denver last night immediately after a federal grand jury had returned its indictment against them.

The indictment specifically alleges that the three women, Tsuniko Wallace, Florence Shizue Otani and Shizuka Taniguchi, helped two German prisoners of war to escape from the prisoners of war camp at Trinidad, Colo.

Charles McConnell, Former Local Man, To Receive Degree

Illinois Man To Get Doctor Of
Education Degree At Meadville
Sunday: Family To Attend

Charles M. McConnell of the executive offices of Evanston township high school, Evanston, Ill., and a former New Castle resident, will have conferred upon him, the degree of Doctor of Education, at a commencement to be held in the North Main street gym, at Allegheny College, Meadville, Pa., on Sunday, May 14 at 3:30 o'clock, in the afternoon.

Mr. McConnell, son of the late Mr. and Mrs. Alex McConnell, has a host of relatives and friends in New Castle and vicinity, who will also read with interest of Mr. McConnell's recent publication of a new book entitled "New Schools For A New Culture," which unfolds constructive suggestions for the modification of American education. The book, requiring much research and time, thus far, has received more than its share of attention. Mr. McConnell's first book, however, was published in New York, entitled "Schools For A New Culture" followed by a volume of selected readings called "Youth Thinks It Through." A short time after the publication of the latter, a prominent concern published a book sponsored by a number of national educational societies called "Subject Matter In General Education." Next in line is his book "Youth Thinks It Through."

The Charles McConnell family residing at 2400 Grant street, Evanston, Ill., relate that while they haven't kept in close touch verbally with their many friends here, they have a decided welcome place in their hearts for New Castle folks. Their daughters, Muriel who works for the New York Central, and Jean, are both graduates of Stephens College, Columbia. The youngest member of their family, Elain, is stationed somewhere in Italy with the U. S. armed forces. He enlisted in December 1942 with the Army Reserves, and was called into active duty at the end of the first semester of his sophomore year, at Allegheny College.

Mr. and Mrs. McConnell and Jean expect to arrive in Meadville on Saturday morning, May 13, where they will be joined on Sunday morning by Muriel, for the commencement. While there, they will be guests in the home of their uncle and aunt, Mr. and Mrs. Clyde Heasley, 405 Randolph street, Meadville. Time limiting their visit, the McConnells won't be able to get to New Castle, however, they will be more than happy to see any of their friends who can possibly make the trip to Meadville, during their brief stay.

IN U. S. ARMED SERVICE

(War Censorship Regulations Limit Information Allowed in This Column)

Staff Sgt. Paul C. Barra, son of Mr. and Mrs. Joseph Barra, 1601 Hanna street, who is a tall gunner on a Fortress, has been stationed in England since June, 1943. His parents received word lately that he has been awarded the Distinguished Flying Cross, the air medal and the three-oak leaf cluster.

Mr. and Mrs. E. E. Stockman, Youngstown road, have received word from their son, Robert Stockman, in New Guinea, stating that he has been promoted from epitechnician to set-technician.

Pvt. Clarence Jesse Myers, who was formerly stationed at Camp Stuart, Ga., but is now with the glider troops in North Carolina, is spending a 10-day furlough with his parents, Mr. and Mrs. Willis G. Myers of Princeton.

Soldiers of an anti-aircraft artillery battalion that is helping to defend the coastline of North Africa against Nazi raiders are being kept informed of the progress of the war through an "educational" program. Pfc. Donald E. Hammond, 205 North Mercer street, is a member of this battalion.

It was during the Tunisian campaign that the 79th station hospital found it had 1200 patients to care for. A station hospital is intended to handle only 500 patients. There were too many wounded boys needing expert medical care. More "cousins" were put up as the patients arrived, and the job of healing went on. Those connected with the 79th station hospital succeeded to an extent unprecedented in medical military history. Over-all figures for the medical corps reveal that doctors and nurses and the men that help them have saved 97 per cent of the wounded in this war.

Staff Sgt. Russell D. Cline was one of those especially selected by his commanding officer to attend RAF technical training school in England. Staff Sgt. Cline is the son of Mr. and Mrs. James Cline of Portersville R. D. 2.

Sgt. William Montanary has arrived home for a seven-day furlough from Edgewood arsenal, Md. He is with the ordnance department. Seaman 2-c Edward Montanary has returned to active sea duty in the North Atlantic theater. He is with the Merchant Marines. They are both sons of Mrs. Gabriel Montanary, 914 Adams street.

Among those recently completing the nine weeks' pilot transition training course on four-engine Liberator bombers is Second Lieut. Milton J. Balog of 118 Charles street.

Miss Laura Pia of 1320 Croton avenue has received word from her brother, Pfc. Ralph Pia, that he is doing well in England, where he is stationed.

Pvt. Burdette Gerlach of Baltimore, Md., is enjoying a 16-day furlough with his brothers and sisters of this city. Pvt. Gerlach is with the army air corps at Enid, Okla.

Word has been received here from Claire Swisher, better known as "Casey," former New Castle News reporter, who is stationed at Charleston, South Carolina, Navy Yard, with the rank of Lt. jg. U.S.N.R. Swisher is now officer in charge of publication unit for the naval yard.

A letter was received today from Pvt. Joseph J. Ludwick of Buckingham Army Air Field, Fort Myers, Florida, where he is attending Flexible Gunnery school. Ludwick was at Sheppard Field, Texas, for a while, then was sent to Glenn L. Martin factory school at Middle River, Maryland. Ludwick has been in the Army for over a year and has done some extensive traveling.

Eldon Balmer, A.O.M. 2-c U. S. Navy, who is stationed at Corpus Christi, Texas, is spending a 15-day leave with his friends, Mr. and Mrs. Willis Shumway, 513 Blaine street.

Pvt. Robert G. Shaffer, son of Mr. and Mrs. R. Shaffer of Harding avenue, who was inducted into the Army March 28, is now receiving his training at Keesler Field, Miss. Private Shaffer is with the air corps.

Mrs. Helen Wood of Volant, R. D. 2, has received word from her husband, Evan H. Wood, that he has been promoted to private first class. He is located at O.C.S., Quantico, Va.

Ira S. Watt, 108 Sankey street, has returned to his duties at Brooklyn, N. Y., after spending a 14-day leave with his father and sister.

Mr. and Mrs. Nicholas Ottaviano of 663 Superior street have received word that their son, Pvt. Nicholas Ottaviano Jr. of Fort Bragg, N. C., has been promoted to private first class.

Pvt. Paul M. Arblaster has arrived in the Pacific area, according to word received by his mother, Mrs. Katherine Arblaster of 110 South Crawford avenue.

Corp. Donald Rishel of Fort Custer, Mich., has returned after 12 days furlough, spent visiting with his parents, Mr. and Mrs. Griff Rishel of 322 East North street.

Lieut. Robert C. Mauck of the Air Force has arrived safely overseas, according to word received by his parents, Mr. and Mrs. O. C. Mauck of 409 Hillcrest avenue.

Seaman Second Class Edward Prosser stationed at Little Creek, Va., has concluded a 71 hours leave, visiting with his wife and children in Princeton, and his grandmother, Mrs. A. T. Kissinger of 651 East Washington street.

Corp. Charles Campbell of Camp Edison, N. J., visited for a few hours with his mother, Mrs. Louis Campbell, of 715 Arlington avenue. He has returned to Fort Sill, Okla., having completed an instructors' course at Camp Edison.

Mr. and Mrs. Griff Rishel of 322 East North street have received word that their son, Pvt. Walter Rishel, attached to the Railway Battalion, is stationed at New Orleans, La.

Mrs. Walter P. Kerber of 303 South Ray street has received word that her son, Pfc. Walter P. Kerber Jr., has arrived in England.

Eugene Wolfe, S. 2-c, of Great Lakes Naval Training Center, Ill., is on leave visiting his wife, Mrs. Eugene Wolf of Hart street.

Pvt. Howard Braatz graduated recently from the radio school, Truxa Field, Madison, Wis. He is on a 15-day delayed en route furlough and is visiting his parents, Mr. and Mrs. Herman Braatz, of 1008 Beckford street. Private Braatz will go to his new base at Tallahassee, Fla.

Pvt. Roland Crisel of Camp Edwards, Mass., is spending a 10-day furlough with his parents, Mr. and Mrs. M. G. Crisel, of 1023 Croton avenue.

John C. Sniek, who has been in service with the Navy since last August, has been promoted to Petty Officer 3-c, according to word received by his wife, who resides at 64 High street.

Cpl. J. Robert Patterson, son of Mr. and Mrs. George A. Patterson, 214 Summer avenue, has received his T-5 rating since arriving in England the early part of February.

Lt. Louis V. Collins has returned to the air base at Monroe, La., after spending a leave here with his parents, Mr. and Mrs. A. T. Collins of the Butler road. While home, Lieutenant Collins received a telegram telling of his promotion from the rank of second to first lieutenant.

Cpl. Robert K. Jones has returned to Camp Atterbury, Ind., after spending a week with his parents, Mr. and Mrs. F. L. Jones of West Washington street. His brother, Staff Sgt. Durward L. Jones, U.S.M.C., has been transferred from the U. S. Naval hospital at Santa Cruz, Calif., to Oakland, Calif.

Lt. Donald J. Howard has been transferred from Foster Field, Victoria, Tex., to the Army air base at Richmond, Va., for further training, according to word received by his mother, Mrs. Ruth Howard, of 716 Wilmington avenue. He and Mrs. Howard (nee Mary Lou Marvin) have taken up residence in Richmond.

ALKY DEATHS DROPPED
Contrary to popular belief, deaths from alcoholism declined during the price rise of World War I, from 5.8 per 100,000 persons in 1914 to 3.8 per 100,000 in 1920. During the depression, deaths from alcoholism increased.

GOVERNOR MARTIN SEES SURPLUS OF HUNDRED MILLION

ERIE, Pa., May 10.—(INS)—Gov. Edward Martin left the prediction today that the state will have a surplus of considerably more than \$100,000,000 by the end of the present biennium in May 1945.

"We have accumulated a surplus in all our funds," he stated. He credited the excess income to wartime tax collections and governmental economies.

EDENBURG

Honoring the fifteenth birthday of Miss Robertine Nofsker of Erie street, a group of young people gathered in her home Saturday evening and spent the hours playing games and social chat. Later Mrs. Nofsker served delicious refreshments assisted by Mrs. Sam Phenecie and Mrs. Tommy Phenecie. The honor guest was the recipient of a collection of lovely and useful gifts.

The Methodist church is observing this week in special prayer. The church is opened each day at noon and anyone is welcome to enter for a short period of prayer.

Mr. and Mrs. Henry Nofsker and Mrs. A. E. Nofsker visited Mrs. E. M. Nofsker of Falls Creek, Pa., who is improving nicely from a serious illness.

Mrs. J. M. Dunham and daughter, Elizabeth, and Mrs. James Smith of Warren, O., were Tuesday evening visitors with relatives here.

Mrs. Elizabeth Peterson received a message saying her brother, Paul Smith, has arrived safely in England.

Robert Biddle was a Monday evening caller at the home of Mr. and Mrs. Joseph Wigton of New Castle.

You've got your crust—at least you will have it if you bake a two-crust pie, a pie shell, and patty shells on the back of muffin tins all at one time. They'll stay crisp several days if placed in a warm dry spot.

CALLED TO PASTORATE

MERCER, May 10.—Mr. and Mrs. Charles B. Bowman, Grant street, have been informed by their son, Rev. Paul J. Bowman, that he has accepted a call to the pastorate of the First Congregational church in Oxford, Mass.

Rev. Bowman is a graduate of Mercer High school, Grove City college and the Boston University School of Theology. For the past year he has been a chaplain in the U. S. Naval Reserves.
